A Political History of the Bible in America Paul D. Hanson, 2015-08-24 Biblical history enriched by many religious and cultural traditions flows into and is intertwined with our nation's epic both for better and for worse To ignore that history is to cut ourselves off from our roots and to deny the ancestral experiences that forged our individual and collective identity from the prologue This substantial work explores the interplay of religion and politics throughout the history of the United States Paul D Hanson traces American history back to colonial times paying close attention to the role that biblical tradition has played in shaping the national story of the United States He then presents a detailed study of politics in the Bible that is framed by the challenges and crises in American history Students will learn how

deeply religion has influenced both domestic and international policy and contributed to the nation's sense of identity and purpose After laying these biblical historical foundations Hanson considers a method of biblical interpretation that can speak to the diverse nation of today He proposes an inclusive form of public moral discourse that invites full participation by members of all religious and philosophical groups *Who Will Write Our History?* Samuel D. Kassow, 2018-08-01 In 1940 the historian Emanuel Ringelblum established a clandestine organization code named Oyneg Shabes in Nazi occupied Warsaw to study and document all facets of Jewish life in wartime Poland and to compile an archive that would preserve this history for posterity As the Final Solution unfolded although decimated by murders and deportations the group persevered in its work until the spring of 1943 Of its more than 60 members only three survived Ringelblum and his family perished in March 1944 But before he died he managed to hide thousands of documents in milk cans and tin boxes Searchers found two of these buried caches in 1946 and 1950 *Who Will Write Our History* tells the gripping story of Ringelblum and his determination to use historical scholarship and the collection of documents to resist Nazi oppression *The Enlightenment* William E.
