Communicating Through a Pandemic Amelia Burke-Garcia, 2023-04-18 Silver Award Winner from

the Nonfiction Authors Association The book is equal parts how to guide for effective health communications and a memoir of surviving a global pandemic I appreciated reading about Burke Garcia s personal reflections about her experiences of isolation uncertainty and exhaustion during quarantine She shares her experiences and observations in a relatable and accessible manner Knowing about the author s personal struggles made me lean into what she had to share from her professional experience leading a communications campaign Throughout the book she explores data and research about communication needs among people from diverse groups and presents a sensible critique of the media environment

Nonfiction Book Award Outbreaks epidemics and pandemics are nothing new Over the last several decades we have been through numerous Zika Ebola H1N1 The COVID 19 pandemic however has challenged us like never before During this time we have struggled to work remotely to balance work and children s school schedules and to manage finances in the face of lost or furloughed jobs We have worried about our loved ones getting sick and being able to support themselves and we have faced the loneliness that comes with social distancing It has affected us individually and globally but we have not all experienced this pandemic in exactly the same way Some communities have been hit harder in terms of sickness and death rates from COVID 19 Many have felt the economic pressures of the pandemic more acutely Still others have struggled disproportionately with the mental health impacts Context has mattered in this pandemic There is one common thread that runs through everything we have experienced though the role that communication has played in managing this pandemic Whether we are talking about communication about the virus and mitigation strategies communication between friends and family the urgent crisis resulting in mis and dis information our complex and diffuse media environment or new workplace communication strategies communication has been front and center in this pandemic The role of communication has been integral to the success and failure of our ability to respond and adapt to and begin to recover from this pandemic as individuals collectively as communities and as countries As a result issues such as preparedness misinformation literacy and comprehension of virus and vaccine science health equity and mental health have all gained increased awareness during this time This book unpacks the many and varied roles that communication has played over the course of this pandemic in order to help public health professionals marketers and health communicators and policymakers alike to understand what we have been through what has worked well and what we have struggled with It will help us learn from our experiences so we communicate through pandemics more successfully in the future

Teaching Internet Basics Joel A. Nichols, 2014-10-14

Perfect for public librarians instructional librarians technology and digital resource specialists and library training specialists this book is an essential resource for digital literacy instruction According to Pew research published in 2013 two thirds of public libraries report that technology training is important in their communities and that 86.5 percent of public libraries offer classes on general Internet use Despite the ubiquitous nature of the Internet and digital media digital literacy instruction remains one of the major job duties of 21st century librarians In this book author Joel Nichols helps you to close

the digital divide and make a difference in increasing information and digital literacy for your patrons offering tested content and methods that will make it easier for librarians to provide effective digital literacy instruction With its discussion of key Internet safety and security topics for inexperienced Internet users this hands on practical guide is what you need for approaching and solving these digital literacy instructional challenges This manual serves librarians who are teaching computer and Internet basics to patrons with little or no experience by providing a packaged solution with ready made training scripts and practical examples that teach basic digital literacy techniques The guide also fills any gaps in your knowledge or experience and gets you up to speed with the latest digital information needs of users in order to form a solid foundation from which to provide instruction with the supplied curriculum
