AN ECOCRITICAL STUDY OF KENNETH REXROTH'S TRANSLATION OF CLASSICAL CHINESE POEMS ZHAO MEIOU, 2023-10-30 The book is a close reading of English translations of over 400 classical Chinese poems by Kenneth Rexroth an American eco poet translator sinologist and environmentalist This study finds that the ecological dimension can provide a new description and explanation for Rexroth's text selection translation strategies and translation character giving a green interpretation of his translations Due to various sources of Rexroth's ecological worldview from East and West Rexroth's translation presents an ecological character and the result of his interpretation is more of a cross cultural ecopoetic rewriting and construction This is related to several of his ideas ecopoetics of selfless imagism aesthetics of relinquishment wilderness experience sense of place material eco views ideas of ecological utopia the community of love and others It is also influenced by the historical context cultural trends and social reality the eco crisis and the rise of ecological movements at that time Ecocriticism an analysis approach which focuses on the human nature relationship embodied in literary texts or other texts and cultural products helps to delve into the ecopoetic dimension of Rexroth's translation of classical Chinese poems to explore his thoughts on the human nature relationship represented and embodied in translation to reread his translations from a green perspective and to reveal the eco value of his translations in contemporary times

Sustainable Smart Cities and the Future of Urban Development Al-Humairi, Safaa Najah Saud, Hajamydeen, Asif Iqbal, Mahfoudh, Asmaa, 2024-12-05 As global urbanization continues to accelerate smart cities emerge as a strategy to address the complexities of modern urban life These cities invest in human and social capital communication infrastructure and technology to drive sustainable economic growth and ensure a high quality of life Participatory governance plays a

crucial role in managing natural and man made resources effectively Driven by a growing global population and a pressing need to address environmental concerns the concept of a smart city has emerged as a potential solution Sustainable Smart Cities and the Future of Urban Development delves into the exciting intersection of sustainable development and smart city technologies exploring how these forces can be harnessed to shape a more livable and resilient future for our urban environments Through a multidisciplinary lens this book explores the concept of sustainable smart cities by elucidating their fundamental characteristics and components Covering topics such as artificial intelligence AI renewable energy and waste management this book is an excellent resource for urban planners architects technology developers innovators community leaders industry professionals academicians researchers and more

Applied Cognitive Ecostylistics Malgorzata Drewniak, Marek Kuzniak, 2024-05-16 This book offers an up to date account of one of the most influential strands of eco research cognitive ecostylistics The onset of the 1970s saw a global shift in scholarly perspective upon the relation between egocentric and ecocentric views of the world The so called eco turn was not only linguistic at its roots but engaged the bulk of academic thought in social sciences and humanities Cognitive ecostylistics invites a multidisciplinary approach to the study of the conceptual relations between oral or written texts and their impact on the environment This volume is a collection of the latest research that seeks to apply the theory and methodology developed over the last 40 years to both literary and real life texts engaging with a wealth of examples from First World War poetry and Anne of Green Gables through to Cond Nast Traveller hotel descriptions Exploring the cultural effects of the eco turn the collection engages the reader in the problem of the present day Anthropocene manifested as Ego Eco tensions at the level of communicating self needs and the needs of the Other Divided into two parts it considers first the human angled semiotic interplay contained within the universe of people before examining the problem of semiotic engagement of texts as extraneous to the human highlighting crucial aspects of nature culture and beyond

Primal Spirituality of Indigenous Songs in African Christianity. A Theological and Ethical Analysis of Some Selected Lyrics of Agbadza and Bobobo Music Ron Macaulay,2024-07-24 Doctoral Thesis Dissertation from the year 2024 in the subject Didactics Theology Religion Pedagogy grade 3 95 A University of Ghana Legon Selinus University of Sciences and Literature course Theology and Ethics language English abstract Africans have the capability to express their primal knowledge to enrich their Christian faith Their primal spiritual knowledge is expressed through oral means such as singing accompanied by drumming and dancing The expression of their primal spirituality helps them to present their spirit soul and body wholly to God This primal condition of being spiritual is the personal quality prior to any other religious beliefs such as Christianity Therefore African Christianity is how to live the Christian faith and worship God within the African way of life

and not necessarily syncretising different systems of religious beliefs but the expression of the soundness of Africanness Hence the thesis has been grounded in The Concept of Africanness in African Christianity which is how Christianity would communicate with African cultural heritage A distinct way of expressing Africanness can be noticed when Agbadza and B b b music and the lyrics that are akin to Scripture are engaged in some African churches to worship God This primal expression is functionally identical in the Apostles Revelation Society and some branches of the Global Evangelical Church hereinafter called the ARS and GEC respectively Nevertheless while Agbadza is culturally considered as war music among the Anlo E e B b b music among the E edome is also seen as immoral and frown upon Notwithstanding these mixed feelings towards Agbadza and B b b cultural music majority of Christians get exceedingly excited about the engagements between these cultural music and Christian faith in their churches The main objectives of the study are to find out why they get excited when these cultural music are being engaged in the churches and the war and immoral nature of these music In addition the theological and ethical thoughts on some selected lyrics are considered Finally what would the ARS and GEC do differently to lay bare the impact these cultural music should have on their communities which guarantee their future and sustainability in the churches In order to achieve the objectives of the study theological ethical and phenomenological methods are blended as qualitative technique has been adopted in data collection and analysis The reason why the worshippers get excited about these cultural music had been explored and the theological and ethical thoughts on the practice were examined Annual Index ,1928 College Entrance Guide, 1967 Bernice W.
