General Edward Alexander Peninsula Campaign:

General Edward Porter Alexander and the Peninsula Campaign Edward Porter Alexander, 2015-11-27 In the narrative of the Civil War Edward Porter Alexander has loomed larger in death than in life Just 25 years old when the war broke out Porter Alexander had already served as an engineer and officer in the U S Army but the native Georgian resigned his commission in May 1861 and joined the Confederacy after his home state seceded Porter Alexander would continue to serve under Longstreet's corps for most of the rest of the war and he famously suggested to Lee at Appomattox that the Confederate army should disband and melt away instead of surrender Porter Alexander would later regret the suggestion and Lee scolded him for it anyway Though he had served with distinction during the Civil War it was Porter Alexander's memoirs that have kept his name alive today While many prominent officers on both sides wrote memoirs Porter Alexander's were among the most insightful and often considered by historians as the most evenhanded With a sense of humor and a good narrative Porter Alexander skillfully narrated the war his service and what he considered the successes and faults of others including Lee when he thought they had made good decisions or mistakes As a result historians continue to rely heavily on his memoirs as a source for Civil War history

The Routledge Encyclopedia of Civil War Era Biographies John D. Wright, 2013 Behind the familiar names of the military and political leaders whose names we all know Lincoln Davis Lee Grant Sherman and Jackson are the people whose lives and hard work defined the Civil War era abolitionists slaves inventors manufacturers painters lawyers writers spies nurses and preachers These are the people who helped shape both the war and our ideas about it The Routledge Encyclopedia of Civil War Era Biographies is a comprehensive collection of articles on roughly 900 individuals from the Civil War era including people from both the years leading up to the war and the period of Reconstruction that came after Also included are maps of key battles a timeline that progresses from President Lincoln's election to the end of the war and a list of innovations used or developed during the war

Hearn, 2012-11-05 At the beginning of the Civil War President Abraham Lincoln and his highest ranking general George B McClellan agreed that the United States must preserve the Union Their differing strategies for accomplishing that goal however created constant conflict In *Lincoln and McClellan at War* Chester G Hearn explores this troubled relationship revealing its complexity and showing clearly why the two men both inexperienced with war eventually parted ways A staunch Democrat who never lost his acrimony toward Republicans including the president McClellan first observed Lincoln as an attorney representing the Illinois Central Railroad and immediately disliked him This underlying bias followed thirty five year old McClellan into his role as general in chief of

the Union army Lincoln a man without military training promoted McClellan on the advice of cabinet members and counted on Little Mac to whip the army into shape and end the war quickly McClellan comported himself with great confidence and won Lincoln's faith by brilliantly organizing the Army of the Potomac Later however he lost Lincoln's trust by refusing to send what he called the best army on the planet into battle The more frustrated Lincoln grew with McClellan's inaction the more Lincoln studied authoritative works on military strategy and offered strategic combat advice to the general McClellan resented the president's suggestions and habitually deflected them Ultimately Lincoln removed McClellan for what the president termed the slows According to Hearn McClellan's intransigence stemmed largely from his reluctance to fight offensively Thoroughly schooled in European defensive tactics McClellan preferred that approach to fighting the war His commander in chief on the other hand had a preference for using offensive tactics This compelling study of two important and diverse figures reveals how personality and politics prolonged the Civil War [Classified List](#) Princeton University.
