Global Business Today 3rd Canadian Edition:

Global Business Today Global Edition 8e Charles Hill, 2014-09-16 Global Business Today has been developed specifically to meet the needs of international students of business. Written in a refreshing, informative and accessible style, it has become the most widely used text in the International Business market with its comprehensive and up-to-date contents, focus on managerial implications and application of international business concepts, and incorporation of ancillary resources that enliven the text and make it easier to teach. In addition to boxed material which provides insightful illustrations in every chapter, interesting anecdotes have been carefully weaved into the narrative of the text to engage the reader. Enhancements to the Global Edition include New Country Focus boxes that provide background on the political, economic, social or cultural aspects of countries grappling with an international business issue to help raise students' awareness of how national and geographic differences affect the conduct of international business, such as Corruption in the Philippines and the Export Processing Zone Authority of Pakistan. New Management Focus boxes that provide lively illustrations of the relevance of chapter material for the practice of international business, including Patenting Basmati Rice and Expatriate Managers. New Perspective boxes that provide additional context for chapter topics, such as Market Economy in China, Australian SMEs Embrace the Chinese Currency, and Global Variations in Ownership Structure. International Leadership Ingo Stolz, Sylvie Oldenziel Scherrer, 2022-08-25 This edited volume strives to support leaders in successfully leading their teams, projects and organizations across borders in an increasingly boundaryless world. The authors are a curated selection of established experts, seasoned leaders and new voices showcasing novel research, best practices and business cases. The contributions are assigned to three sections corresponding to the three core challenges of international leadership: Leading international organizations, leading international teams and self-leadership with intercultural excellence.
