**Global Feminisms Since 1945** Bonnie G. Smith, 2000 *Gender and Citizenship in Historical and Transnational Perspective* Anne Epstein, Rachel Fuchs, 2017-09-16 With gender as its central focus this book offers a transnational multi faceted understanding of citizenship as legislated imagined and exercised since the late eighteenth century Framed around three crosscutting themes agency space and borders leading scholars demonstrate what historians can bring to the study of citizenship and its evolving relationship with the theory and practice of democracy and how we can make the concept of citizenship operational for studying past societies and cultures The essays examine the past interactions of women and men with public authorities their participation in civic life within various kinds of polities and the meanings they attached to their actions In analyzing the way gender operated both to promote and to inhibit civic consciousness action and practice this book advances our knowledge about the history of citizenship and the evolution of the modern state

**Gender and International Security** Laura Sjoberg, 2009-10-16 This book defines the relationship between gender and international security analyzing and critiquing international security theory and practice from a gendered perspective Gender issues have an important place in the international security landscape but have been neglected both in the theory and practice of international security The passage and implementation of UN Security Council Resolution 1325 on Security Council operations the integration of gender concerns into peacekeeping the management of refugees post conflict disarmament and reintegration and protection for non combatants in times of war shows the increasing importance of gender sensitivity for actors on all fronts in global security This book aims to improve the quality and quantity of conversations between feminist security studies and security studies more generally in order to demonstrate the importance of gender analysis to the study of international security and to expand the feminist research program in Security Studies The chapters included in this book not only challenge the assumed irrelevance of gender they argue that gender is not a subsection of security studies to be compartmentalized or briefly considered as a side issue Rather the contributors argue that gender is conceptually empirically and normatively essential to studying international security They do so by critiquing and reconstructing key concepts of and theories in international security by looking for the increasingly complex roles women play as security actors and by looking at various contemporary security issues through gendered lenses Together these chapters make the case that accurate rigorous and ethical scholarship of international security cannot be produced without taking account of women s presence in or the gendering of world politics This book will be of interest to all students of critical security studies gender studies and International Relations in general Laura Sjoberg is Assistant Professor of Political Science at the University of Florida She has a Phd in International Relations and Gender Studies from the University of Southern California and is the author of *Gender Justice and the Wars in Iraq* 2006 and with Caron Gentry *Mothers Monsters Whores Women s Violence in Global Politics* 2007

**Disappointment** Jarrett Zigon, 2017-11-28 Increasingly anthropologists political theorists and philosophers are calling

for imaginative and creative analyses and theories that might help us think and bring about an otherwise Disappointment responds to this call by showing how collaboration between an anthropologist and a political movement of marginalized peoples can disclose new possibilities for being and acting politically Drawing from nearly a decade of research with the global anti drug war movement Jarrett Zigon puts ethnography in dialogue with both political theory and continental philosophy to rethink some of the most fundamental ontological political and ethical concepts The result is to show that ontological starting points have real political implications and thus how an alternative ontological starting point can lead to new possibilities for building worlds more ethically attuned to their inhabitants *They Didn't See Us Coming* Lisa Levenstein,2020-07-14 From an award winning scholar a vibrant portrait of a pivotal moment in the history of the feminist movement From the declaration of the Year of the Woman to the televising of Anita Hill s testimony from Bitch magazine to SisterSong s demands for reproductive justice the 90s saw the birth of some of the most lasting aspects of contemporary feminism Historian Lisa Levenstein tracks this time of intense and international coalition building one that centered on the growing influence of lesbians women of color and activists from the global South Their work laid the foundation for the feminist energy seen in today s movements including the 2017 Women s March and MeToo campaigns A revisionist history of the origins of contemporary feminism *They Didn't See Us Coming* shows how women on the margins built a movement at the dawn of the Digital Age *Remaking Citizenship in Multicultural Europe* B. Halsaa,S. Roseneil,Sevil Sümer,2012-08-21 This book offers a ground breaking analysis of how women s movements have been remaking citizenship in multicultural Europe Presenting the findings of a large scale multi disciplinary cross national feminist research project FEMCIT it develops an expanded multi dimensional understanding of citizenship as practice and experience **Power Interrupted** Sylvanna M. Falcón,2016-04-16 Winner of the 2016 Gloria E Anzaldua Book Prize sponsored by the National Women s Studies Association In *Power Interrupted* Sylvanna M Falc n redirects the conversation about UN based feminist activism toward UN forums on racism Her analysis of UN antiracism spaces in particular the 2001 World Conference against Racism Racial Discrimination Xenophobia and Related Intolerance in Durban South Africa considers how a race and gender intersectionality approach broadened opportunities for feminist organizing at the global level The Durban conference gave feminist activists a pivotal opportunity to expand the debate about the ongoing challenges of global racism which had largely privileged men s experiences with racial injustice When including the activist engagements and experiential knowledge of these antiracist feminist communities the political significance of human rights becomes evident Using a combination of interviews participant observation and extensive archival data Sylvanna M Falc n situates contemporary antiracist feminist organizing from the Americas specifically the activism of feminists of color from the United States and Canada and feminists from Mexico and Peru alongside a critical historical reading of the UN and its agenda against racism **Australian Greens** Stewart Jackson,2016-02-01 The Australian Greens played a pivotal role after the 2010 federal election It ensured the Gillard

minority government went full term and won its first House of Representatives seat But what do we really know about the Greens in Australia Is the party really just an extension of the environment movement or a professional party capable of influencing the major parties This book examines the people who make the party tick Uncover the members and activists of the party The Australian Greens From Activism to Australia's Third Party asks whether the Greens has made the transition from a home for tree huggers and alternative lifestyle to a party ready to work in Government *Tell This Silence* Patti Duncan, 2009-05 *Tell This Silence* by Patti Duncan explores multiple meanings of speech and silence in Asian American women's writings in order to explore relationships among race gender sexuality and national identity Duncan argues that contemporary definitions of U S feminism must be expanded to recognize the ways in which Asian American women have resisted and continue to challenge the various forms of oppression in their lives There has not yet been adequate discussion of the multiple meanings of silence and speech especially in relation to activism and social justice movements in the U S In particular the very notion of silence continues to invoke assumptions of passivity submissiveness and avoidance while speech is equated with action and empowerment However as the writers discussed in *Tell This Silence* suggest silence too has multiple meanings especially in contexts like the U S where speech has never been a guaranteed right for all citizens Duncan argues that writers such as Maxine Hong Kingston Mitsuye Yamada Joy Kogawa Theresa Hak Kyung Cha Nora Okja Keller and Anchee Min deploy silence as a means of resistance Juxtaposing their unofficial narratives against other histories official U S histories that have excluded them and American feminist narratives that have stereotyped them or distorted their participation they argue for recognition of their cultural participation and offer analyses of the intersections among gender race nation and sexuality *Tell This Silence* offers innovative ways to consider Asian American gender politics feminism and issues of immigration and language This exciting new study will be of interest to literary theorists and scholars in women's American and Asian American studies **Gender & Difference in a Globalizing World** Frances E. Mascia-Lees, 2010 Mascia Lees combines core components of these perspectives with insightful analyses and ethnographic examples to illustrate how global events and transformations have molded and continue to shape gender identities behaviors and expectations and produce and sustain worldwide inequalities This exemplary treatment provides a solid background to understand complex issues and to think critically about remedying uneven degrees of privilege and experiences of oppression both within and across nations Book Jacket **Feminism in India** Maiyatri Chaudhuri, 2005-03-04 This collection is an invaluable overview of the rich history of Indian feminism It brings together the writing of prominent Indian academics and activists as they debate feminism in the context of Indian culture society and politics and explore its theoretical foundations in India The inevitable association with western feminism the status of women in colonial and independent India and the challenges to Indian feminism posed by globalization and the Hindu Right are discussed at length It deepens our understanding of why despite the existence of legal and constitutional rights women are subject to oppressive practices like dowry *Globalizing*

*Feminisms, 1789-1945* Karen M. Offen, 2010 This definitive reader presents a coherent comprehensive and comparative collective history of women s activism throughout the world The chapters are supported by a global timeline of events

Global Feminisms Since 1945 Rewriting Histories 2000 09 01: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have captivated audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Global Feminisms Since 1945 Rewriting Histories 2000 09 01 : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Popen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
