

Eye On The Wild Lion

John Ewing

Eye On The Wild Lion:

Eye on the Wild Suzi Eszterhas,2012-06 With its unique focus on birth to adulthood and stunning photographs taken on location the Eye on the Wild series is a brilliant introduction to animals in the wild See a lion cub chasing his mother's tail in the den meeting her father for the first time taking naps and learning to hunt Finally at two years old the lion cub is fully grown and ready to bring cubs of her own into the pride A spread at the back of the book will give further conservation information including useful websites

INTO THE EYES OF LIONS Graham Mercer,2019-12-03 The adventures described in this book represent the realisation of a dream that in the author's boyhood seemed unthinkable His first safari in Kenya in 1962 was certainly low budget 12 for 2 days Later when working as a teacher in Dar es Salaam Tanzania he often spent weeks in some of the world's most celebrated national parks and reserves camping in tiny tents in the middle of the African bush The sometimes hazardous adventures and the good humoured camaraderie of those with whom the author travelled make this book an entertaining as well as interesting read Incidents with lions elephants rhinos buffaloes and other big game abound but safaris are not just about wild animals The author also describes the landscape of Africa as well as many of the other adventures that occurred to him during this time The general tone of the book is far from gung ho male chauvinism Like the bush itself it is predominantly one of tranquillity of being at one with the moment enhanced by the author's obvious love for life on safari and for wild life wild places and their conservation enlightened by a self deprecating sense of humour and sensitive deeply felt and lyrically expressed reflections
