Johannes Dalfinger, Moritz Florin

Extreme Right Wing Political Violence And Terrorism New Directions In Terrorism Studies:

Extreme Right Wing Political Violence and Terrorism Max Taylor, Donald Holbrook, P.M. Currie, 2013-02-14 In this collection senior experts explore all aspects of extreme right wing political violence from the nature of the threat processes of engagement and ideology to the lessons that can be drawn from exiting such engagement Further right wing activism and political violence are compared with Jihadi violence and engagement Also the European experience is placed within a greater framework including that of the United States and the Arab Spring The book opens with an essay on U S far right groups investigating their origins and processes of recruitment It then delves into violence against UK Mosques and Islamic centers the relationship between Ulster loyalism and far right extremism the Dutch extremist landscape and the July 2011 Norway attacks Also discussed are how narratives of violence are built and justified at what point do individuals join into violence and how differently states respond to left wing vs right wing extremism This comparative work offers a unique look into the very nature of right wing extremism and will be a must read for anyone studying political violence and terrorism

Contemporary Germany and the Fourth Wave of Far-Right Politics Manès Weisskircher, 2023-09-28 This volume provides a state of the art analysis on the fourth wave of far right politics in Germany by leading scholars in the field Innovatively the book focuses not only on the role of the electoral breakthrough of AfD the Federal Republic's first ever nationally established far right party but also on the many crucial instances of non party activism such as the New Right intellectual circles PEGIDA street protest and political violence For a long time Germany was regarded as an exceptional case because of the lack of an established far right party on the national level Times have changed but Germany still remains unique The book highlights four features that continue to make the case exceptional within Western Europe I The strong diversity of vibrant far right political players in Germany and their many interconnections II the electoral success of AfD i.e. the delayed electoral breakthrough of a far right party on the national level III the importance of militant democracy specifically how established players have responded to AfD and IV the relevance of the east west divide for understanding far right politics in Germany Contributions on these topics highlight the broader theoretical relevance of the analysis of the German far right connecting to many research questions that have occupied scholars also in other contexts The book is essential reading for all those with an interest in the far right German and European politics as well as in the interconnections between political parties social movements and subcultural milieus Traces of Terrorism Matthias Plügge, 2023 Terrorism usually is a consequence of geopolitical decisions Therefore this book chooses a historical approach it shows the most important terrorist attacks and their contexts After all terrorism is ultimately not a string of disconnected events rather follows a line of development that this book seeks to trace in a chronicle **Terrorism, 2013-2015** Edward Mickolus, 2016-08-04 This second comprehensive chronology of international terrorist attacks covers three eventful years during which the Islamic State supplanted al Qaeda as the most active well financed and well armed terrorist group

worldwide Domestic and international incidents around the globe are covered outlining several trends and exploding a number of media myths The author examines the enigmas of contemporary terrorist behavior and offers indicators and predictions to watch for in the coming years **Doublespeak** Matthew Feldman,2014-03-01 This timely intervention exposes the euphemized language of the extreme right as a deceptive attempt to secure greater influence over public policy Since the end of World War II the extreme right has made strategic use of doublespeak which apes the language of liberal democracy Attentive observation and accurate recognition of these tactics means taking the extreme right s deliberately crafted slogans symbols and themes seriously These essays investigate the extreme right s attempts at repackaging contemporary ultranationalism to make it more palatable to mainstream European and American tastes **Forum for Development Studies** ,1995 Journal of Political & Military Sociology ,1980 A Transnational History of Right-Wing Terrorism Johannes Dalfinger,Moritz Florin,2022-03-30 A Transnational History of Right Wing Terrorism offers new insights into the history of right wing extremism and violence in Europe East and West from 1900 until the present day It is the first book to take such a broad historical approach to the topic The book explores the transnational dimension of right wing terrorism networks of right wing extremists across borders including in exile the trading of arms the connection between right wing terrorism and other forms of far right political violence as well as the role of supportive elements among fellow travelers the state security apparatus and political elites It also examines various forms of organizational and ideological interconnectedness and what inspires right wing terrorism In addition to several empirical chapters on prewar extreme right political violence the book features extensive coverage of postwar right wing terrorism including the recent resurgence in attacks This book will be of great interest to students and scholars of right wing extremism fascism Nazism terrorism and political violence The New York Times Index ,2009 **CTS and Right-Wing Terrorism and Counterterrorism** Alice Martini,Raquel da Silva,2023-08-22 This volume is a timely contribution to the current debates and potential efforts to study and counter the phenomena of extreme right violence in a period when the rise of right wing extremism is being witnessed across the globe Against this backdrop the violent radicalisation and extremism of individuals and groups belonging to the extreme right threaten to undermine and destabilize societies and democratic orders leaving a research gap that has only started to be filled in recent years but that is still quite wide when it comes to counter terrorism approaches to extreme right violence Learning from the past and trying to avoid similar mistakes this volume creates a much needed space for open honest and ethical debate around countering extreme right violence answering social and political calls to debate how to counter this kind of violence This volume brings together a group of interdisciplinary scholars to contribute to national and international academic and policy debates about countering extreme right violence from a critical perspective Volume II focuses particularly on exploring how extreme right violence has been approached in different spatial and temporal contexts examining how the criminal justice system has dealt with the threat of and actual violence perpetrated by the extreme right

deconstructing current counter terrorism approaches from feminist and gender perspectives and formulating a critical approach to countering extreme right violence It will be of great interest to all students of terrorism studies security studies international relations and political science in general The chapters in this book were originally published in Critical Studies on Terrorism The New Walford Ray Lester, 2005 Covers 15 broad subject groupings social sciences generic psychology sociology social work politics government law finance accountancy industries business education sport media information and tools for information professionals **Terror from the Extreme Right** Tore Bjørgo, 1995 In many countries terrorism and political violence at the late 1980s and early 1990s have increasingly gravitated towards the extreme right in the direction of racism and extreme nationalism In most cases violence and harassment are directed against ethnic or social minorities such as immigrants left wing activists or homosexuals but sometimes even the political establishment is defined as an enemy and a legitimate target of violence What characterizes the ideologies and world views of right wing extremist groups Whom do they see as their main enemies and what kinds of threats are these enemies perceived to represent How do militant activists relate to the state the established power structures and wider political movements How and under what circumstances do aggressive ideology and rhetoric translate into actual violence and terrorism In this first general and comparative volume with a focus on right wing terrorism across the world ten leading experts address these questions Case studies focus on militant groups in North America South Africa Japan Italy Germany and the Scandinavian countries The findings throw a fascinating light on the international dimensions of right wing extremism and how racist ideologies travel and combine with other conceptions The authors have also made important observations on the relationship between ideological organizations and the less unorganized groups which often carry out most of the actual violence Other findings relate to the relationship between criminal behaviour and political violence and to the social background of the perpetrators The book gives new insight into the radicalization processes which produce right wing extremist violence Equally important however is the emphasis on factors and circumstances which might serve to restrain militant groups from following their extremist ideas to their ultimate violent conclusions CTS and Right-Wing Terrorism and Counterterrorism Alice Martini, Raquel da Silva, 2023-08-22 This volume is a timely contribution to the current debates and potential efforts to study and counter the phenomena of extreme right violence in a period when the rise of right wing extremism is being witnessed across the globe Against this backdrop the violent radicalisation and extremism of individuals and groups belonging to the extreme right threaten to undermine and destabilize societies and democratic orders leaving a research gap that has only started to be filled in recent years but that is still quite wide when it comes to counter terrorism approaches to extreme right violence Learning from the past and trying to avoid similar mistakes this volume creates a much needed space for open honest and ethical debate around countering extreme right violence answering social and political calls to debate how to counter this kind of violence This volume brings together a group of interdisciplinary scholars to contribute to national and

international academic and policy debates about countering extreme right violence from a critical perspective Volume I focuses particularly on exploring how extreme right violence has been approached narrated and made sense of in different spatial and temporal contexts examining how political actors such as media and politicians portray the threat of and actual violence perpetrated by the extreme right deconstructing current counter terrorism approaches and formulating a critical approach to researching extreme right violence It will be of great interest to all students of terrorism studies security studies international relations and political science in general The chapters in this book were originally published in Critical Studies on Terrorism *Choice* ,1988 Terrorism Yonah Alexander,1989 **State Terrorism and Death Squads in the New World Order** Miles D. Wolpin,1992 Contemporary Research on Terrorism Paul Wilkinson,Alasdair M. Stewart,1987

Sociological Abstracts Leo P. Chall,2001 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers **International Affairs** ,1987 **Alternative Futures in Southern Africa** Kenneth L. Adelman,John Seiler,1979 Prepared for the Office of the Assistant Secretary of Defense for International Security Affairs Washington DC under contract MDA903 79 C 0256

Extreme Right Wing Political Violence And Terrorism New Directions In Terrorism Studies Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project

Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Extreme Right Wing Political Violence And Terrorism New Directions In Terrorism Studies free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Extreme Right Wing Political Violence And Terrorism New Directions In Terrorism Studies free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Extreme Right Wing Political Violence And Terrorism New Directions In Terrorism Studies free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Extreme Right Wing Political Violence And Terrorism New Directions In Terrorism Studies. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Extreme Right Wing Political Violence And Terrorism New Directions In Terrorism Studies any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Extreme Right Wing Political Violence And Terrorism New Directions In Terrorism Studies Books

1. Where can I buy Extreme Right Wing Political Violence And Terrorism New Directions In Terrorism Studies books?
