Cassius Dio the Historian , 2021-05-25 This volume focuses on Cassius Dio as a historian the only historian who allows us to follow the developments of Rome's political institutions during a more than thousand year period from the foundation of the city to Cassius Dio's retirement from public life in 229 CE The volume explores the Roman historian's methodology and agendas all of which influenced his approaches to Rome's history It offers a reassessment that rests on a deeper study of his relationship with historiographical traditions as well as his narrative and structural approach to Roman history It examines Cassius Dio as both a writer in the historiographic tradition with his own agenda for writing The Roman History and a historian with his own ambition to tell the history of Rome

The Greek Words in Persius' Literary Programme Spyridon Tzounakas, 2024-09-02 This book demonstrates that the carefully chosen Greek words in Persius programmatic passages play a significant role in the context of his literary criticism they allow him to express his objection to the Graecizing poetic compositions of his day more convincingly while facilitating intertextual dialogues with many writers Greek words that occur in programmatic passages throw into relief various pathologies of poetry which Persius disapproves of and which contribute effectively to a justification of his rejection However this practice which does not continue into the rest of his work where Greek words are incorporated into the satirist's thought more harmoniously appears to serve specific expediences and should not be considered characteristic of Persius attitude towards Greek culture in general Besides the satiric persona adopts a positive stance regarding Greek philosophy or comedy and criticizes the ignorant critics of Greek culture while many aspects of Greek thought enrich his own poetry in several passages Thus despite the intensity with which he turns against the Graecizing compositions of his day generalizations regarding an anti Hellenic stance on Persius part should be deemed unfounded
