[The Essence of Anthropology](#), 2010 *Essence of Anthropology* Haviland, 2015, [Phenomenology and the Horizon of Experience](#) Joseph Rivera, 2021-12-30 This book explores the threshold between phenomenology and lived religion in dialogue with three French luminaries Michel Henry Jean Luc Marion and Jean Yves Lacoste Through close reading and

critical analysis each chapter touches on how a liturgical and ritual setting or a spiritual vision of the body can shape and ultimately structure the experience of an individual's surrounding world. The volume advances debate about the scope and limits of the phenomenological analysis of religious themes and disturbs the assumption that theology and phenomenology are incapable of constructive interdisciplinary dialogue. Method Meets Art, Third Edition Patricia Leavy, 2020-08-12. Ideal for courses in multiple disciplines, the third edition of this award-winning text has been revised and updated with new topics, examples, and guiding questions to introduce each chapter's sections. Discussions of research design, collaborative ABR, and ways to overcome common ABR challenges, plus tips for getting started. Numerous new research examples, including three new end-of-chapter exemplars. Increased attention to the impact of research with a heightened focus on ethics, public scholarship, and issues of audience. Pedagogical Features: Checklists of issues to consider when deciding how to use a particular method; Discussion questions and activities for in-class use or assignment; Annotated lists of suggested readings and websites, including links to online performance pieces; Compelling research examples from multiple disciplines. Chapters follow a consistent format and can be read independently or in sequence; new guiding questions introduce sections within chapters.

F.J. Adelman,2012-12-06 This second volume of the Boston College Studies in Philosophy commemorates the one hundred and fiftieth anniversary of the birth of Karl Marx This dedication bespeaks the evolution permeating the entire world today not only in the sense of a development of ideas but more especially of the inner and sincere quest for peace intensifying in the hearts of all men We Christians rejoice in the drive onward toward the fulfillment of peace on earth We are sorry however that it is so late in Christian history and that it received its impulse more from the fear of nuclear armaments than from the development of Christian ideas Nonetheless here in the midst of so much bewilderment we add an optimistic note in the realization that these ideas can now touch at long last offer hope for a peaceful future Strange as it may seem there is currently a new interest in the philosophy of Marxism This stems in part from the renewed study of the writings of the young Marx and a concentration on that aspect of his work which is more philosophical than politico economic such as is more prominent in the later *Das Kapital* But even more our interest in Marxism has occurred because of what has happened to the contemporary Marxists themselves First of all after Stalin's time a certain new openness not yet perfect but nonetheless real has developed in Russia to the benefit of scholars [The Essence of Anthropology](#) William A.
