Equality And Responsibility Equality And Responsibility:

Equality, Responsibility, and the Law Arthur Ripstein, 2001-03-12 Examines responsibility and luck as these issues arise in tort law criminal law and distributive justice

Equality and Responsibility Christopher Lake, 2001-11-08 Arguments about distributive justice often take place around two ideas One is that good should be distributed equally The other is that how people fare in life should depend on what they are responsible for The author asks what draws us to these two ideas and examines recent attempts by egalitarian thinkers to bring them together in a single distributive ideal Underlying this ideal is the egalitarian intuition the intuition that it is objectionable for some to be worse off than others through no fault of their own in a wide ranging discussion Lake tests that intuition from a variety of perspectives and points to the gaps in our current thinking about quality and individual responsibility

Equality, Responsibility, and the Law Arthur Ripstein, 1998-10-28 This book examines responsibility and luck as these issues arise in tort law criminal law and distributive justice The central question is whose bad luck is a particular piece of misfortune Arthur Ripstein argues that there is a general set of principles to be found that clarifies responsibility in those cases where luck is most obviously an issue accidents mistakes emergencies and failed attempts at crime In revealing how the problems that arise in tort and criminal law as well as distributive justice invite structurally parallel solutions the author also shows the deep connection between individual responsibility and social equality This is a challenging and provocative book that will be of special interest to moral and political philosophers legal theorists and political scientists

Autonomy, Responsibility, and Equality Michael Thomas Bradley, 1989

Responsibility and Distributive Justice Carl Knight, Zofia Stemplowska, 2011-03-03 This volume presents new essays investigating a difficult theoretical and practical problem how do we find a place for individual responsibility in a theory of distributive justice Does what we choose affect what we deserve Would making justice sensitive to responsibility give people what they deserve Would it advance or hinder equality

Luck Egalitarianism Carl Knight, 2009-07-10 How should we decide which inequalities between people are justified and which are unjustified One answer is that such inequalities are only justified where there is a corresponding variation in responsible action or choice on the part of the persons concerned This view which has become known as luck egalitarianism has come to occupy a central place in recent debates about distributive justice This book is the first full length treatment of this significant development in contemporary political philosophy Each of its three parts addresses a key question concerning the theory Which version of luck egalitarianism comes closest to realizing luck egalitarian objectives Does luck egalitarianism succeed as a view of egalitarian justice And is it sound as an account of distributive justice in general The book provides a distinctive answer to each of these questions along the way engaging with

the leading theorists identified in the literature as luck egalitarians such as Richard Arneson G A Cohen and Ronald Dworkin as well as the most influential critics including Elizabeth Anderson Marc Fleurbaey Susan Hurley Samuel Scheffler and Jonathan Wolff Key Features Presents a critical survey of already classic debates about responsibility equality and justice Provides a sustained engagement with luck egalitarianism s critics Stakes a distinctive position on the key questions regarding luck egalitarianism Souvenir Pamphlet and Program, Cooperative Convention, Faneuil Hall, Boston, January Twelfth and Thirteenth, 1904, for the Purpose of Organizing Cooperative Exchange Co-operative Association of America,1904

Christian Responsibility for the Social Order Samuel Edward Keeble,1922 **Equal Opportunity, Equality, and Responsibility** Alexander Edmund Voorhoeve,2005 *The Dread of Responsibility* A. E. Faguet,1914 Social Justice and Individual Ethics in an Open Society Frank Vandembroucke,2012-12-06 Can the need for incentives justify inequality Starting from this question Frank Vandembroucke examines a conception of justice in which both equality and responsibility are involved In the first part of the inquiry which explores the implementation of that conception of justice the justification of incentives assumes that agents make personal choices based only upon their own interests The second part of the book challenges the idea that a normative conception of distributive justice can be based on that traditional assumption i e that personal choices are not the subject matter of justice Thus Vandembroucke questions the Rawlsian idea that the primary subject of a theory of justice is the basic structure of society and not the individual conduct of its citizens For a society to be really just the ethos of individual conduct has to serve justice Non mathematical readers can skip the formal model proposed in Chapter 3 and understand the rest of the book **The American Cooperator [devoted to the Ideals of a Cooperative Commonwealth].** ,1903 The Dread of Responsibility Émile Faguet,1914 **American Co-operator** ,1903 **Ullman V.
