Fatal Faultlines Pakistan Islam And The West:

Fatal Faultlines Irfan Husain, Stephen P. Cohen, 2012 Do Muslims around the world hate us in the US Aren't we the good guys Don't we come to the aid of the poor and dislocated whenever there is a disaster in any part of the world Attitudes of people in Muslim countries toward the US continue to confound American policymakers and the American public Billions of dollars in aid has gone to Muslim countries yet Muslims worldwide have an extremely unfavorable image of America and the West *Fatal Faultlines* is a comprehensive look at attitudes in Pakistan and the rest of the Muslim world toward the US and the West presenting a clear narrative of vastly conflicting interests and perceptions It is an indispensable guide to understanding how rational people on each side of the divide can have such a different perspective on what is going on in the world *Cold War in the Islamic World* Dilip Hiro, 2019-02-01 For four decades Saudi Arabia and Iran have vied for influence in the Muslim world At the heart of this ongoing Cold War between Riyadh and Tehran lie the Sunni Shia divide and the two countries intertwined histories Saudis see this as a conflict between Sunni and Shia Iran's ruling clerics view it as one between their own Islamic Republic and an illegitimate monarchy This foundational schism has played out in a geopolitical competition for dominance in the region Iran has expanded its influence in Syria Iraq and Lebanon while Saudi Arabia's hyperactive crown prince Muhammad bin Salman has intervened in Yemen isolated Qatar and destabilized Lebanon Dilip Hiro examines the toxic rivalry between the two countries tracing its roots and asking whether this Islamic Cold War is likely to end any time soon **The Herald**, 2012 **International Relations** Eric Shiraev, Vladislav M. Zubok, 2015-10-02 Using a guiding framework of Ideas Arguments and Contexts and Applications *International Relations* shows students how to think critically about issues in world politics Each chapter first describes key concepts and developments then presents the main theoretical and analytical approaches and finally applies those approaches within individual state and global contexts The authors provide extensive historical information throughout and each chapter closes with an extended case study *The Uses of History* that demonstrates how what we have learned from the past can influence our future actions **The Challenge of Enlightenment, Conflict Transformation and Peace in Pakistan** Moonis Ahmar, 2023-11-17 This book looks at the process of cultural enlightenment in the context of Pakistan It undertakes an interesting and in depth research focusing on how the world's second largest Muslim state can learn from Europe's heritage of enlightenment It studies why Pakistan lacks a process of awakening and what the scope of cultural enlightenment in Pakistan is against the backdrop of militant Islam The author argues that cultural enlightenment can help promote positive conflict transformation in Pakistan and discusses the ways in which challenges to establishing a culture of reasoning tolerance accommodation social justice and peace can be dealt with A unique contribution this book will be of interest to students and researchers of philosophy political science history international relations South Asian studies and religious studies It will also appeal to think tanks policymakers and general readers interested in these topics **Indian Books in Print**, 2003 **The Guardian Index**

Reconciliation Benazir Bhutto,2008-02-12 From the former Prime Minister of Pakistan who finished writing this extraordinary book just days before her assassination comes a groundbreaking vision of how to bridge the widening gap between the Islamic world and the West Benazir Bhutto returned to Pakistan in October 2007 after eight years of exile hopeful that she could be a catalyst for change Upon a tumultuous reception she survived a suicide bomb attack that killed

nearly 200 of her countrymen But she continued to forge ahead with more courage and conviction than ever since she knew that time was running out for the future of her nation and for her life In Reconciliation Bhutto recounts in gripping detail her final months in Pakistan and offers a bold new agenda for how to stem the tide of Islamic radicalism and to rediscover the values of tolerance and justice that lay at the heart of her religion After reading this book it will become even clearer what the world has lost by her assassination

The Faithful Scribe Shahan Mufti,2013-09-24 A journalist explores his family's history to reveal the hybrid cultural and political landscape of Pakistan the world's first Islamic democracy Shahan Mufti's family history which he can trace back fourteen hundred years to the inner circle of the prophet Muhammad offers an enlightened perspective on the mystifying history of Pakistan Mufti uses the stories of his ancestors many of whom served as judges and jurists in Muslim sharia courts of South Asia for many centuries to reveal the deepest roots real and imagined of Islamic civilization in Pakistan More than a personal history The Faithful Scribe captures the larger story of the world's first Islamic democracy and explains how the state that once promised to bridge Islam and the West is now threatening to crumble under historical and political pressure and why Pakistan's destiny matters to us all

Magnificent Delusions Husain Haqqani,2013-11-05 The relationship between America and Pakistan is based on mutual incomprehension and always has been Pakistan to American eyes has gone from being a quirky irrelevance to a stabilizing friend to an essential military ally to a seedbed of terror America to Pakistani eyes has been a guarantee of security a coldly distant scold an enthusiastic military enabler and is now a threat to national security and a source of humiliation The countries are not merely at odds Each believes it can play the other with sometimes absurd sometimes tragic results The conventional narrative about the war in Afghanistan for instance has revolved around the Soviet invasion in 1979 But President Jimmy Carter signed the first authorization to help the Pakistani backed mujahedeen covertly on July 3 almost six months before the Soviets invaded Americans were told and like to believe that what followed was Charlie Wilson's war of Afghani liberation with which they remain embroiled to this day It was not It was General Zia ul Haq's vicious regional power play Husain

Haqqani has a unique insight into Pakistan his homeland and America where he was ambassador and is now a professor at Boston University His life has mapped the relationship of the two countries and he has found himself often close to the heart of it sometimes in very confrontational circumstances and this has allowed him to write the story of a misbegotten diplomatic love affair here memorably laid bare **Religion and politics in Muslim society** Akbar Salahudin Ahmed,1983

Faith-Based Violence and Deobandi Militancy in Pakistan Jawad Syed,Edwina Pio,Tahir Kamran,Abbas Zaidi,2016-11-09 This book documents and highlights the Deobandi dimension of extremism and its implications for faith based violence and terrorism This dimension of radical Islam remains largely ignored or misunderstood in mainstream media and academic scholarship The book addresses this gap It also covers the Deobandi diaspora in the West and other countries and the role of its radical elements in transnational incidents of violence and terrorism The specific identification of the radical Deobandi and Salafi identity of militants is useful to isolate them from the majority of peaceful Sunni and Shia Muslims Such identification provides direction to governmental resources so they focus on those outfits mosques madrassas charities media and social medial channels that are associated with these ideologies This book comes along at a time when there is a dire need for alternative and contextual discourses on terrorism *Oppression and Injustice in Pakistan* Inayat K.
