Extremism Adam G. Klein, 2025-11-05 At its core this book is about political anger how it is cultivated where it is taking us
and how to address it Populism Propaganda and Political Extremism Building the Rage Machine explores the manufacturing
of populist narratives and deployment of propaganda that together produce a state of outrage and disunity in American
politics Through chronicling these subversive communications and the architects and influencers behind them Adam Klein
expertly deconstructs the processes that sow national division Today these divisive campaigns empower political extremists
as they erode democratic norms As this book uncovers the forms and functions of political ragemaking it also offers concrete
prescriptions for addressing the hostile partisanship that has consumed the national conversation Here history will serve as a
critical guide Counteractive narratives that emerged out of prior eras of destructive demagogues like Joseph McCarthy and
George Wallace be explored for their neutralizing potential The book also faces down some of the most difficult questions
such as how we reach the true believers who are not really interested in resolution and how we preserve the First
Amendment while combating political extremism Developed with the student in mind the book s three part focus on populism
propaganda and political extremism offers a framework for understanding the forces behind our fractured politics and the
strategies that may counter them *Europa* Eric Bussière, Michel Dumoulin, Gilbert Trausch, 2001 **The Refugee**
