Stafford,2020-10-22 Former bartender Ryne Clayton can't prove the CEO of America's favorite pub chain murdered his sister. Alchemy that brews beer and distills liquor isn't a cause of death; the justice system recognizes CEO Lawrence Grant saved alchemy and wove it into alcohol to keep it alive in today's skeptical modern age. He's got every right to ruin Ryne's life for these accusations of murder. Ryne seeks out Craft alchemy to turn it against Lawrence. He brews his own ales with it. He finds he loves the alchemy that Grant used to end his sister's life. Ryne must work with his sister-in-law, an ATF agent, to outthink the alchemist serial killer hot on his heels. They need records proving Grant's liquor alchemy is poisoning thousands and killing dozens. If he proves Grant's guilt by the judge's deadline, he'd risk the alchemy he loves being outlawed. New Prohibition wouldn't be good for his wallet. Grant knows his business wouldn't be the only thing ruined if alchemy became illegal. He'll make sure Ryne's death is quieter than his sister's was. One sip of lethal Craft bourbon is all it would take to win yet another deadly mind game. *The Alchemyst* Michael Scott,2014 While working at pleasant but mundane summer jobs in San Francisco, fifteen-year-old twins Sophie and Josh suddenly find themselves caught up in the deadly centuries-old struggle between rival alchemists Nicholas Flamel and John Dee over the possession of an ancient and powerful book holding the secret formulas for alchemy and everlasting life. *The Final Alchemy* John Wilson,2023-05-18 An old man sits by the dying embers of a fire in London of 1669. The ghosts of the past surround him, and a decades-old guilt weighs him down. As a young man, Robert Bylot did it all: journeyed to the magical Spice Islands on a quest for the alchemist John Dee, communicated with angels through Crystallomancy, and searched for the fabled Northwest Passage with Henry Hudson. He has survived plague, mutiny, and fire, and found happiness with an extraordinary woman, but nothing has assuaged the ancient guilt that tortures him, unless the old stained book on his lap contains the answer. The book might be his salvation or his damnation. Through Bylot's memories and the words written in the book, he holds *The Final Alchemy*, recreates a world at the tipping point between the mysticism of the Middle Ages and the rationality of the Renaissance. The possibilities for glory and profit appear limitless, but the risks are horrifying. At the centre of this world stand two men: Dr John Dee, alchemist, magus, mathematician, advisor to kings and queens, and believer that England is destined to recreate an empire descended from ancient Troy; and Thomas Smythe, founder of the East India Company, and believer that future empires must be based solely on commerce. Both base their murky plans on fragments of an ancient map, a portolan that seems to show the unknown parts of the globe in stunning and impossible detail. The conflicting machinations of these two men and the promise of the portolan ensnare Hudson and Bylot in a complex web of intrigue, ambition, and betrayal that offers fame or destruction.
