The logo is formed by the handles of three power tools: a chainsaw on the left, a pole saw in the middle, and a trimmer on the right. These tools are standing upright on a light blue surface. To the left of the pole saw, there is a lawnmower and a drill. To the right of the trimmer, there is a chainsaw and a leaf blower. All these tools are resting on circular blue bases. Small, yellow, star-like confetti pieces are scattered across the blue background.

The Adaptation Advantage Heather E. McGowan, Chris Shipley, 2020-04-09 A guide for individuals and organizations navigating the complex and ambiguous Future of Work. Foreword by New York Times columnist and best selling author Thomas L. Friedman. Technology is changing work as we know it. Cultural norms are undergoing tectonic shifts. A global pandemic proves that we are inextricably connected whether we choose to be or not. So much change so quickly is disorienting. It's undermining our sense of identity and challenging our ability to adapt. But where so many see these changes as threatening, Heather McGowan and Chris Shipley see the opportunity to open the flood gates of human potential if we can change the way we think about work and leadership.

They have dedicated the last 5 years to understanding how technical business and cultural shifts affecting the workplace have brought us to this crossroads. The result is a powerful and practical guide to the future of work for leaders and employees. The future can be better but only if we let go of our attachment to our traditional and disappearing ideas about careers and what a good job looks like. Blending wisdom from interviews with hundreds of executives, *The Adaptation Advantage* explains the profound changes happening in the world of work and posits the solution: new ways to think about careers that detach our sense of pride and personal identity from our job title and connect it to our sense of purpose. Activating purpose, the authors suggest, will inherently motivate learning, engagement, empowerment, and lead to new forms of pride and identity throughout the workforce. Only when we let go of our rigid career identities can we embrace and appreciate the joys of learning and adapting to new realities and help our organizations do the same. Of course, making this transition is hard. It requires leaders who can attract and motivate cognitively diverse teams fueled by a strong sense of purpose in an environment of psychological safety despite fierce competition and external pressures. Adapting to the future of work has always called for strong leadership. Now, as a pandemic disrupts so many aspects of work, adapting is a leadership imperative. *The Adaptation Advantage* is an essential guide to help leaders meet that challenge. Billboard, 2011-04-02

In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital events brand, content, and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital, and mobile entertainment issues and trends. **The SAGE International Encyclopedia of Mass Media and Society** Debra L. Merskin, 2019-11-12

This encyclopedia provides a thorough overview of media within social and cultural contexts, exploring the development of the mediated communication industry, mediated communication regulations, and societal interactions and effects. This reference work will look at issues such as free expression and government regulation of media, how people choose what media to watch, listen to, and read, and how the influence of those who control media organizations may be changing as new media empower previously unheard voices. The role of media in society will be explored from international, multidisciplinary perspectives via approximately 700 articles drawing on research from communication and media studies, sociology, anthropology, social psychology, politics, and business. *The Publishers Weekly*, 1914
