Play Harder Gerald Early, National Baseball Hall of Fame, 2025-04-29 An authoritative exploration of how Black Americans have shaped baseball from its emergence after the Civil War to the Negro Leagues and Jackie Robinson's breaking of the color barrier up to today's game by award winning author Gerald Early in collaboration with the National Baseball Hall of Fame No sport has been more associated with America's sense of itself with its identity than baseball No sport has been so inextricably bound with America's traditions with its notions of democracy and fair play than baseball And no professional sport in America has been as dramatically connected to social change as Major League Baseball when it became racially integrated the moment Jackie Robinson took the field with the Brooklyn Dodgers on April 15 1947 Play Harder comes at a time when the history of Black baseball has become especially relevant following MLB's recent recognition of the Negro Leagues as major leagues and the effort to incorporate statistics from the Negro Leagues into those for all players Before Robinson as Play Harder shows Black athletes played baseball as far back as the 1800s even before the establishment of the Negro Leagues But once founded in 1920 the Negro Leagues gave Black Americans an inroad to baseball that would be enduring and profound The leagues were an instrument of community building during a time when discrimination separated Black people from all white enterprises including baseball and they paved the way for racial integration that Black players hoped would come Play Harder showcases the Black stars of the game those from baseball's early years such as Moses Fleetwood Walker and Rube Foster Negro Leagues stars like Satchel Paige and Cool Papa Bell Jackie Robinson and those who crossed the color line after him like Hank Aaron and Willie Mays followed by Frank Robinson and Curt Flood and the stars who ushered in today's game such as Reggie Jackson Dave Winfield Barry

Bonds and Ken Griffey Jr Playing out against the cultural and political events of 150 years the story bears witness to the richness of this country s diversity while remaining clear eyed about the racial injustice endured by Black Americans In the end Play Harder celebrates the triumph of some of baseball s greatest players and their remarkable contributions to the game we know and love today **All This Love** Ashish Bagrecha,2025-12-05 For anyone who s ever loved too hard felt too much or needed words when their own wouldn t come A raw honest companion for heartbreak healing and finding your way back to yourself From the author whose words reach millions now a complete collection to hold gift and return to dear stranger this isn t just a book it s a piece of me raw and unfiltered these poems don t follow rules no fancy structure no rhymes just feelings laid bare it s free verse poetry messy unpredictable imperfect like love like life take your time here read slowly let go of expectations don t rush to find meaning in every line these words need to breathe stay with the verses that move you come back to the ones that don t and carry the ones that heal you this isn t one story it s a collection of moments maybe you ll see yourself in them maybe they ll remind you of something lost or something you re still holding on to this book it s more than poetry it s a bridge between us this is my heart on the page and as you read it becomes yours too Mood Machine Liz Pelly,2025-01-07 NATIONAL BESTSELLER Winner of a Certificate of Merit from the 2025 ARSC Awards for Excellence An unsparing investigation into Spotify s origins and influence on music weaving unprecedented reporting with incisive cultural criticism illuminating how streaming is reshaping music for listeners and artists alike Radio Countdown Influence Rafael Montero,AI,2025-03-31 Radio Countdown Influence explores how music countdown shows became a powerful force in the music industry These programs a staple of broadcast radio history did more than just entertain they dictated which artists rose to fame and significantly impacted music sales Before streaming radio countdowns offered a curated selection of top hits creating a shared experience for listeners and serving as a key music marketing tool The book examines the historical evolution economic impact and cultural influence of these countdowns It reveals how record labels leveraged them to boost sales and how radio stations monetized audience attention For instance strategic placement on a countdown could dramatically increase an artist s chart performance and overall popularity By delving into archival broadcasts sales charts and industry accounts Radio Countdown Influence provides a comprehensive look at how this format shaped popular music and the performing arts The book begins by tracing the origins and rise of the format then examines the economic engines behind the shows and concludes by exploring the lasting cultural legacy It offers insights into how the principles of countdown programming can still inform contemporary music marketing strategies making it invaluable for understanding the enduring power of audio media **A Year in Reflection** Brett Machtig,2026-10-09 A Multi Album Anthology Lyrics Affirmations Composition Notes The 2025 Musical Works of Brett Machtig encompasses original songs across many albums and dozens of songs a living chronicle of love loss healing hope and truth From the meditative stillness of Balance and Peace to the expansive teachings of Wisdom from the deeply personal ballads of Brett Machtig 2025 to the

Should Spotify Bring Voice Assist Technology to the Smart Speaker Market? Christopher Diller, Stewart Pursley, Richard Gentry, 2022 In 2018 Spotify started selling its shares publicly on the New York Stock Exchange The Swedish based start up that launched in 2008 was on its way to becoming the largest music streaming platform in the world At the time it was going public Spotify was used in 61 countries had 159 million active users and hosted a music library of 35 million songs Over the last decade Spotify has focused on increasing its music library available to stream and differentiating its brand from competitors by adding music videos live clips and podcasts to its service It has created a series of personalized playlists based on users preferences and song history It has also begun hosting live events All of these offerings have added to its popularity and brand loyalty from its streamers However one segment that Spotify has not tapped into an area that its competitors already dominate is the voice assist speaker system market Reports have shown that Spotify is looking to add voice assist capabilities to its platform and in turn considering the development of a proprietary smart speaker device By 2017 the voice assist speaker market had become a global phenomenon valued at USD 4.4 billion and is projected to reach USD 23.3 billion by 2025 Spotify has been focused on maintaining its lead in music streaming but now smart speaker manufacturing companies will be able to disintermediate Spotify as a non essential application breaking its connection to customers But with the current success of Spotify's music streaming platform and its

competitors focused on the smart speaker segment that Spotify has no control over Spotify must decide whether or not to follow the first movers and enter the voice assist speaker market
