film different decisions have to be made concerning the narration tense point of view and other formal devices Cf Whelehan 1999 9 This essay examines the differences and similarities between the novel Harry Potter and the Philosopher's Stone and its film adaptation It points out problems that occur when transposing a text to screen and raises the question of the film's authenticity towards the novel Firstly different critics are going to be scrutinized to get a better understanding of the discrepancy between literary criticism and film studies Secondly the characteristics of each medium shall be pointed at combined with possible arising advantages and disadvantages The following section evaluates the fictional source Harry Potter and the Philosopher's Stone versus the filmic source asking the question of the primary importance of the origin text For a concise analysis of book and film I provide a sequence protocol and chapter record in the appendix Lastly I want to consider the issue of popular culture and examine the question of the demand of popular literature to be turned into a film The focus of examination will always be the first Harry Potter book and film version although some references to the later volumes are made Yet it would go beyond the scope of this paper to consider all written and filmic sources of the Harry Potter phenomenon

**Good vs. Evil in Harry Potter** Sarah Müller, 2008-05-20 Seminar paper from the year 2008 in the subject English Language and Literature Studies Literature grade 2 University of Frankfurt Main language English abstract Harry Potter is a heptalogy of fantasy novels by the English author Joanne K Rowling about an adolescent boy named Harry Potter first published in England in 1997 Harry Potter attends the Hogwarts School of Witchcraft and Wizardry a boarding school for young wizards and witches Up to his eleventh birthday his cruel relatives the Dursleys have raised the orphaned Harry On this day he learns that he is a wizard and has been invited to attend Hogwarts The story is mostly set on the school premises with each of the seven volumes describing a school year at Hogwarts and a year of Harry's growing up The main topic is Harry Potter's fight against the evil wizard Lord Voldemort who killed Harry's parents when he was still an infant Throughout the story the Dark Lord Voldemort gains more and more power and tries to kill Harry several times In Hallows the climax is reached and the final battle between Harry and Lord Voldemort which will decide the future of the wizarding world The fight of good versus evil is one of the oldest topics of mankind Starting with the original sin in the Garden of Eden this fight has dominated moral concepts of the Christian world ever since This paper presents an analysis of how good and

evil are portrayed and presented in the Harry Potter series First there is a description of Christian motifs in the series and how these motifs can be compared to certain characters in the books Second good characters such as Harry's close friends Ron and Hermione and Harry's mentor Professor Dumbledore are described and characterised as to why they are part of the good Third the evil opponents Draco Malfoy and the evil Dark Lord Voldemort are analysed as to how they exhibit evil behaviour The last chapter deals with the question of whether Harry Potter is good or evil as he does not always act as an exemplary student

Literature Studies grade 2 7 University of Bremen course The British novel from the 18th to the 20th century language English abstract 1 Introduction Contemporary Research and Thesis Statement In most literature discussing fantasy for children and adults we are informed about the central position of the fight of good and evil which is the case within the Harry Potter series of author J K Rowling as well It has been argued by academics that good and evil can be separated from each other because of a strong polarity cf Cohen 352 and that the description of scenery architecture and presented figures are also included to represent the fight between both sides Imagery that is described in relation to the evil side is always assigned to concepts from similar semantic fields such as for example chillness and blankness Dark colours serve for the creation of evil figures by which these can be accurately distinguished from figures of the good side cf Mei ner Phantastik der Gegenwart 127 133 Phantasie der Kinder 34

**Detective Mystery in the School Story - The Example of Harry Potter and the Chamber of Secrets** Felix Jeschonnek, 2011-01-20 Pre University Paper from the year 2010 in the subject Didactics for the subject English Literature Works grade 15 00 Punkte language English abstract J K Rowling s famous Harry Potter series which started with Harry Potter and the Philosopher s Stone in 1997 is commonly known as a fantasy story This is due to the fact that its most striking aspect is magic which is a typical sign for an ordinary fantasy novel Accordingly there has to be something more important than magic in the story in order to make it as popular interesting and fascinating as it is Of course magic is highly important for Harry Potter s popularity and to make a difference between the series and any other school story Without magic the series would probably have been less popular than it is now since it would not have been something special The story is neither only a fantasy story nor is it only a school story It is something less striking that is at least as important as magic for the series In the following Detective Mystery will be explained and revealed as one of the most important elements of Harry Potter and the Chamber of Secrets Moreover this paper seeks to prove that magic is not even necessary for the story itself

**Names and their underlying mythology in J.K. Rowling's Harry Potter-Novels** Anne-Christin Hirsch, 2008-09-11 Seminar paper from the year 2008 in the subject English Language and Literature Studies Literature grade 1 3 University of Leipzig Institut f r Anglistik course Harry Potter and The End language English abstract The Harry Potter series display such a complex set of plots with so many references to history legend and literature with so many playfully arranged puns according to the names of characters creatures items or places that one cannot easily decide where to begin with an examination that may befit the extent of a seminar paper The finally chosen scope of this paper refers to my general interest in mythology and legend as well as to Rowling s admiring aptitude to equip her characters from an extraordinary variety of backgrounds Names are the most obvious means of depicting literary characters and their intended personalities Yet considering the multiplicity of those characters in the ever further developed seven novels further specification appears to be necessary to meet the demands of this paper Therefore its focus is limited to character names and in that to several selected characters only whose names demonstrate mythological background most efficiently To that effect

I am not exclusively following a selective principle regarding the characters significance in the books Surely enough there are several major characters bearing names grounded on mythology yet Rowling placed so many according hints and links on minor characters and on figures not even acting in the story lies themselves that it would seem a squandering of her labour to concentrate on particular significant characters only

*Aspects of Good and Evil in "Harry Potter - The Prisoner of Azkaban"* Andreas Kellner, 2004-04-03 Seminar paper from the year 2002 in the subject English Language and Literature Studies Literature grade good minus University of Münster English Seminar language English abstract

In novels and fictional stories we often meet good and evil characters characters which fight each other This fight between good and evil makes the story really interesting and exciting because it hurries the action along But often the reader is not able to say which character really belongs to the good or the evil ones It is the ambiguity of the characters and their changes during the story that grip the readers This paper will have a look at one exemplary character and try to solve the question whether it is good or evil Besides the thesis that animals and creatures in The Prisoner of Azkaban cannot be categorized as clearly as the main characters will be dealt with In this way different aspects of the terms good and evil shall be demonstrated Good and evil represent a pair of opposites that is part of many stories and of our whole life Actions which are against virtues and values which are reprehensible and damnable are generally seen as evil Pleasure in destroying in lying in betraying and in being cruel in neglecting the rights of human beings these aspects are declared to be evil

- 1 They belong to actions and their consequences which are caused by human beings for example torturing innocent people in a war Due to St Augustine these are moral evils or deficiencies of man's will He thinks of the moral evil as the true evil because human beings have free will and the choice to do good or evil So it is their choice to commit evil actions or not
