The Wealth Creator's Playbook John Christianson, 2019-03-22 An advisor to many of today's most successful wealth creators explains how to align your values with your wealth including the ways in which it is earned, managed and spent to maximize both wealth and personal fulfillment. Money is something most people fantasize about; if only financial independence became a reality, then life would be easier and more fulfilling. Wealth creators soon discover that while money provides incredible opportunities, it can also bring unexpected consequences: isolation, relationship challenges and a lack of purpose that are often byproducts of achieving financial success. Wealth is a gift that involves practical, psychological and spiritual stewardship. Wealth creators desperately need advice they can trust to maximize, not just manage, the gift of wealth. Drawing on wisdom from John Christianson's 25 years of experience advising some of the most successful wealth creators in the country, this book explores money, emotional intelligence, roadblocks around money and relationships, kids and money, generosity, identity and aligning your values with your money. *The Wealth Creator's Playbook* is the go-to guide for individuals who are chasing financial success and the richness of a deeply fulfilling life.
