Media Today Joseph Turow, 2016-10-04 Media Today uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world Through the convergence lens they learn to think critically about the role of media today and what these changes mean for their lives presently and in the future The book s media systems approach helps students to look carefully at how media content is created distributed and exhibited in the new world that the digital revolution has created From newspapers to video games and social networking to mobile platforms Media Today prepares students to live in the digital world of media **Ecopiety** Sarah McFarland Taylor, 2019-11-12 Tackles a human problem we all share the fate of the earth and our role in its future Confident that your personal good deeds of environmental virtue will save the earth The stories we encounter about the environment in popular culture too often promote an imagined moral economy assuring us that tiny acts of voluntary personal piety such as recycling a coffee cup or purchasing green consumer items can offset our destructive habits No need to make any fundamental structural changes The trick is simply for the consumer to buy the right things and shop our way to a greener future It's time for a reality check Ecopiety offers an absorbing examination of the intersections of environmental sensibilities contemporary expressions of piety and devotion and American popular culture Ranging from portrayals of environmental sin and virtue such as the eco pious depiction of Christian Grey in Fifty Shades of Grey to the green capitalism found in the world of mobile device carbon sin tracking software applications to the socially conscious vegetarian vampires in True Blood the volume illuminates the work pop culture performs as both a mirror and an engine for the greening of American spiritual and ethical commitments Taylor makes the case that it is not through a framework of grim duty or obligation but through one of play and delight that we may move environmental ideals into substantive action Adaptation in the Age of Media Convergence Johannes Fehrle, Werner Schäfke-Zell, 2025-10-01 This collection considers new phenomena emerging in a convergence environment from the perspective of adaptation studies The contributions take the most prominent methods within the field to offer reconsiderations of theoretical concepts and practices in participatory culture transmedia franchises and new media adaptations The authors discuss phenomena ranging from mash ups of novels and YouTube cover songs to negotiations of authorial control and interpretative authority between media producers and fan communities to perspectives on the fictional and legal framework of brands and franchises In this fashion the collection expands the horizons of both adaptation and transmedia studies and provides reassessments of frequently discussed BBC s Sherlock or the LEGO franchise and previously largely ignored phenomena self censorship in transnational franchises mash up novels or YouTube cover videos

<u>Representing Kink</u> Sara K. Howe, Susan E. Cook, 2019-09-06 Representing Kink raises awareness about non normative texts and non normative erotic practices and desires It defines kink broadly encompassing a range of inappropriate texts and understanding it in frequent reference to non normative erotic fantasies and experiences Kink is treated as both a set of

practices as well as a category of texts at the nexus of subject and form In addition to canonical texts that take up erotic and marginalized themes the collection also studies forms that are themselves fringe and feature kink taboo literature self published erotica SM narratives fan fiction role playing games and other disavowed texts The purpose of this study is to focus attention on the margins of an already marginalized subject in order to highlight the extent to which non normative textuality and eroticism both shape and are shaped by culture and context It sheds light on a category of subjects that is at once mainstream in the form of texts such as Fifty Shades of Grey and yet nevertheless repeatedly disparaged and undertheorized This book advocates for conversations about kinky texts that transcend dichotomous frameworks of good and bad and normal and deviant thinking instead in new theoretically rigorous and flexible directions Parenting Brett Ullman, 2020-07-31 After more than two decades and over two thousand presentations my interactions with parents reveal that although most want to learn and parent their best they feel ill equipped Kids don t come with manuals The goal of this book is to equip and empower you as a parent grandparent or youth leader to help kids navigate all aspects of life in the current culture How do we sift through the unending philosophies on parenting and be intentional in how we choose what s best for our family The number of voices is overwhelming This book distills the essential elements of parenting so you can apply them in your own home It approaches parenting from a Christian perspective and is filled with practical advice that is applicable to everyone As we explore the foundations of parenting we will look at Parenting What are the stages of parenting What is the current state of parenting What is the purpose of parenting Parenting styles What are they and which ones should I be using What might I need to alter about my current parenting style Progression of parenting What are the skills our children need to learn Time What does quality time and being present with my kids look like Communication How can I gain better communication skills so that I can more effectively connect with my kids Discipline How do I effectively discipline my children Family discipleship Why is our worldview important and how we can raise kids with a Christian worldview Mental Health How do we address issues like anxiety panic attacks and depression Engaging the Culture How do we empower our kids to engage the culture around us without compromising their faith Media How can we help our kids navigate technology Sexuality How do we direct our kids towards healthy sexuality Pornography What is the prevalence of pornography and how do we address its impact on our kids Dating How do we best avoid pitfalls in dating Finances and education How can we help our children make sound financial and education choices Drugs and alcohol What tools are available to assist in drug proofing our kids Loneliness How do we prevent disconnection in our kids and help them to create community Coming of Age in Films Mario Garrett, 2019-02-14 The story of films is the story of human development From the very first story that defined the birth of our civilization the Sumerian Epic of Gilgamesh a story of immortality aging and death comes a tale of why we age We are a species of storytellers The stories we tell to each other define who we are However since we are living in a world marked by age apartheid our interaction with people across different generations is becoming more limited As a result the

information we gain about older people comes mostly from secondary sources For the general public films remain the most accessible form of information regarding getting older From the early exposure of cartoons to more elaborate dramas our knowledge of what it means to become old relies on our exposure to films This volume provides insight into how accurate these representations are in line with current knowledge that we have about aging and older adults Arguing that films present a simplified view of aging this analysis relies on scientific evidence to explore why and how such stereotypes affect us Stereotypes have the ability of being internalized and becoming prescriptive of our behavior Numerous studies have attempted different ways of understanding the impact films have on aging Theories as seemingly disparate as feminism and disability have contributed to our understanding of how stereotypes influence our aging process This text builds upon this knowledge and provides new insights by applying current gerontological knowledge the science of aging to unpack and analyze the images of aging that films are providing By readdressing this focus on gerontological theories as diverse as biology and psychology the book readdresses an overlooked approach Online Access ,1996 2600 .1995 Darker E L James, 2017-11-28 See the world of Fifty Shades of Grey anew through the eyes of Christian Grey a fresh perspective on the love story that has enthralled millions of readers around the world Please don't bite your lip Anastasia My voice is low full of longing Will I always want her like this I want to kiss her press her into the elevator wall like I did during our first kiss I want to make her mine again Their scorching sensual affair ended in heartbreak and recrimination but Christian Grey cannot get Anastasia Steele out of his mind or his blood Determined to win her back he tries to suppress his darkest desires and his need for complete control and to love Ana on her own terms But the horrors of his childhood still haunt him and Ana s scheming boss Jack Hyde clearly wants her for himself Can Christian's confident and therapist Dr Flynn help him face down his demons Or will the possessiveness of Elena his seducer and the deranged devotion of Leila his former submissive drag Christian down into the past And if Christian does win Ana back can a man so dark and damaged ever hope to keep her Discover the world of Fifty Shades of Grey An Instant 1 New York Times Bestseller More than 165 Million Copies Sold Worldwide One of 100 Great Reads in the Great American Read 133 Weeks on the New York Times Bestseller List This book is intended for mature audiences Fifty Shades Darker E L James, 2012-06-26 MORE THAN 150 MILLION COPIES SOLD WORLDWIDE Look for E L James s passionate new love story The Mister available now Daunted by the singular tastes and dark secrets of the beautiful tormented young entrepreneur Christian Grey Anastasia Steele has broken off their relationship to start a new career with a Seattle publishing house But desire for Christian still dominates her every waking thought and when he proposes a new arrangement Anastasia cannot resist They rekindle their searing sensual affair and Anastasia learns more about the harrowing past of her damaged driven and demanding Fifty Shades While Christian wrestles with his inner demons Anastasia must confront the anger and envy of the women who came before her and make the most important decision of her life This book is intended for mature audiences **Marketing** Charles W.
