Freezing Cold Takes: NFL Fred Segal, 2022-08-09 Sports fans love holding media experts accountable for bad predictions. Since 2015 Fred Segal has chronicled unprophetic sports predictions on the internet. His Freezing Cold Takes social media pages feature quotes and predictions from members of the sports world that have aged poorly or were in hindsight flat out wrong. The pages have become a guilty pleasure for hundreds of thousands of sports fans who love to see okay and mock in good humor sports media's infamous hot takes that went cold. With this book Segal focuses on the NFL and provides a vast collection of poorly aged predictions and analysis from NFL media members and personalities about some of the most famous teams and players in the league's history. He also explores ill-fated commentary related to draft picks hiring decisions and some of the NFL's most notable games. But this book is not simply a list of quotes. It delves through content mined from internet archives and original interviews with media players and coaches. Segal provides important background surrounding each featured mistake to offer essential context as to why the ill-fated prediction was made as well as why the personality who made the prediction is eating their words. Together the fourteen chapters each spotlighting Freezing Cold Takes about a specific team or topic within a certain defined period create a wholly unique and endlessly entertaining lens through which to explore NFL history. A few illustrative examples: 1987-94 San Francisco 49ers: The 49ers should do everyone a favor. Trade Steve Young. The myth. And the man. 1989-93 Dallas Cowboys: The Vikings fleeced the Cowboys to get Herschel Walker. 2000 New England

Patriots The Patriots will regret hiring Bill Belichick 2008 Green Bay Packers Brian Brohm has more upside than Aaron Rodgers NFL Draft Picks The Dolphins could have had their next Dan Marino if they selected Brady Quinn 2007
