We print this book so you don't have to. First you gotta find a good clean legible copy and make sure it's the latest version not always easy. Some documents found on the web are missing some pages or the image quality is so poor they are difficult to read. We look over each document carefully and replace poor quality images by going back to the original source document. We proof each document to make sure it's all there including all changes. If you find a good copy you could print it using a network printer you share with 100 other people typically it's either out of paper or toner. If it's just a 10 page document no problem but if it's 250 pages you will need to punch 3 holes in all those pages and put it in a 3 ring binder. Takes at least an hour. It's much more cost effective to just order the latest version from Amazon.com. This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these large documents as a service so you don't have to. The books are compact tightly bound full size 8 1/2 by 11 inches with large text and glossy covers. If you like the service we provide please leave positive review on Amazon.com.
