## **Erich Von Daniken Chariots Of The Gods:**

**Chariots of the Gods** Erich von Daniken, 2019-06-27 All over the world there are fantastic ruins and objects that cannot be explained by conventional history archaeology or religion In the ground breaking Chariots of the Gods Erich von Daniken provides answers to these questions why do religious texts often refer to Gods who descend from fiery chariots Why do modern space launch sites look like constructions on the plains of Nazca in Peru Was God an astronaut By looking at human history and the ruins of ancient civilisations with an open mind Erich von Daniken offers a new solution to these eternal mysteries in Chariots of the Gods Why for instance do the world s sacred books describe Gods who came down from the sky in fiery chariots and always promised to return How could an ancient Sanskrit text contain an account which could only be of a journey in an alien craft Compare photographs of American space centre launch sites to the constructions on the plains of Nazca in Peru In order to understand the mysteries which Erich von Daniken has catalogued we must go back to these ancient relics with an open mind We must call in the resources and experience of sciences other than archaeology Chariots of the Gods is a provocative attempt to explain some of the universe s most interesting mysteries Erich von Daniken has spent a lifetime gathering evidence to prove that before the dawn of recorded history our ancestors were visited by an alien race Erich von Daniken was responsible for popularising the ancient astronaut hypothesis of human development Orthodox historians have been sceptical but a vast public have been drawn to his ideas by instinctive interest and wonder His 26 books have sold over 60 million copies in over 40 languages

**Some Trust in Chariots: Sixteen Views on Erich Von Däniken's Chariots of the Gods?** Erich von Däniken, 1970 Presents the theory that earth has been visited by extraterrestrial beings

*The Gods Never Left Us* Erich von Däniken, 2017-11-20 The Long Awaited Sequel to the Worldwide Best seller Chariots of the Gods When Chariots of the Gods was published 50 years ago it began a worldwide change in humanity s view of the cosmos In an era of the military space race Erich von D niken boldly proclaimed that Earth had been visited by more advanced beings early in our history But prescientific man had no concept of space ships so he called their vehicles chariots and those driving the chariots became gods Over the next five decades von D niken s more than 40 books built an ever stronger case for Earth being visited by extraterrestrial visitors And Chariots became an international best seller with 30 million copies sold in more than two dozen languages Also during that time the case for ET visitations millennia ago was being reexamined by contemporary UFO researchers who found evidence of modern visitations And von D niken expanded his perspective to encompass the present Now he presents his long awaited sequel to Chariots of the Gods proclaiming that the gods never left us with all new material to show that ancient aliens are still with us The Gods Never Left Us contends that recent advancements in biotechnology astrophysics engineering and artificial intelligence not only give us a fresh perspective on his ancient astronaut theory but actually validates it We are as a race embarking on the exact same trajectory of our own interplanetary colonization just as von D niken suggested Earth itself

was colonized ETs are definitely at work today And that affects all of us Why do they do what they do What could an extraterrestrial species possibly gain from observing us in the same way we look at ants What have these strangers wanted for the past thousands of years Can t they leave us alone And what makes it so difficult for us to acknowledge the existence of these extraterrestrials That is what this book deals with Erich s newest book is a fascination journey from the ancient past into the present with a plethora of scientific evidence and documented research As always he adds his own to the point take on it all Readers may also like that his newest work moves in a slightly different direction from his past books A thoroughly enlightening and enjoyable Read Bruce Cunningham Director Ancient Mysteries International LLC Publisher of Advanced Archaeology Review magazine      **Summary of Erich von Däniken's Chariots of the Gods** Everest

Media,2022-04-30T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The astronomers estimate that there are about 4 500 stars that can be seen with the naked eye The telescope of a small observatory makes nearly two million stars visible and a modern reflecting telescope brings the light from thousands of millions more to the viewer But in the colossal dimensions of the cosmos our stellar system is only a tiny part of an incomparably larger stellar system 2 There are 18 000 planets in our galaxy that are similar to the earth and it is estimated that two million different species of living creatures live on the earth The idea that life can only exist and develop on a planet like the earth is no longer true 3 The universe is estimated to be between eight and twelve milliard years old Meteorites bring traces of organic matter under our microscopes Bacteria millions of years old wake up to new life Floating spores propelled by the light of a sun travel the universe and are captured by the gravitational field of a planet 4 We took 400 000 years to reach our present state and stature Who can produce concrete proof that another planet did not provide more favorable conditions for the development of other or similar intelligences We are nothing but ants in the vast State of the universe      *Twilight of the Gods* Erich von Däniken,2010-01-01 Dispels the prejudices and misconceptions that surround the Mayan Calendar 2012 and the existence of extraterrestrial life      *The Gold of the Gods* Erich von Däniken,2011-06-17 Erich von D niken whose books have enthralled millions of readers around the world now presents astonishing new confirmation for his revolutionary theories Erich von D niken s *The Gold of the Gods* unveils new evidence of an intergalactic battle of the gods whose losers retreated to and settled Earth He explores a vast mysterious underworld of Ecuador caves filled with gold and writings in solid gold that go back to the time of the Great Flood bolstering von D niken s theory of a prehistoric earthly era of the gods      History Is Wrong Erich von Däniken,2025-09-12 History is Wrong will challenge your intellect and maybe a few long held beliefs This is Erich von Daniken s best book in years Erich von Daniken again shows his flair for revealing the truths that his contemporaries have missed After closely analyzing hundreds of ancient and apparently unrelated texts he is now ready to proclaim that human history is nothing like the world religions claim and he has the proof In *History is Wrong* Erich von Daniken takes a closer look at the fascinating Voynich manuscript which has defied all attempts at decryption since

its discovery and makes some fascinating revelations about the equally incredible Book of Enoch Von Daniken also unearths the intriguing story of a lost subterranean labyrinth in Ecuador that is said to be home to an extensive library of thousands of gold panels He supplies evidence that the metal library not only has links to the Book of Enoch but also to the Mormons who have spent decades searching for it believing it to contain the history of their forefathers And what about the mysterious lines in the desert of Nazca that look like landing strips when viewed from the air Archeologists claim they are ancient procession routes Think again cries von Daniken as he reveals the data that the archeologists never even thought to check     Signs of the Gods? Erich Von Däniken,2011-06-15 Were human beings created by powers from outer space Did extraterrestrial giants build the megaliths of Malta and the menhirs of Brittany Was the Ark of the Covenant a machine built by the astronaut gods In Signs of the Gods Erich von D niken travels far and wide around the globe to study the many strange phenomena that all point to one conclusion that many thousands of years ago Earth was visited by a race of superhuman powers and intelligence The questions he addresses along the way include Why are the religious sites in Greece all laid out in the same geometrical pattern a pattern which is repeated throughout the world Does the extraordinary longevity of the ancient Sumerian kings mean that the Land of the Two Rivers was ruled by a race of supermen Could the first men have been produced by cloning Do the great ruins of Zimbabwe point to an impossibly detailed knowledge of astronomy Erich von D niken s Chariots of the Gods provoked a worldwide storm of controversy In Signs of the Gods he produces powerful arguments to support his theory of astronaut gods with evidence that is difficult to explain any other way Hear what he has to say with an open mind and you may find yourself agreeing with him Show less     **Evidence of the Gods** Erich von Däniken,2025-09-12 Ancient humans had the natural urge to document the world in which they lived a fact that is evident in the cave paintings and carvings that still exist today Why do rock paintings from various sites around the world all seem to depict the same things Did the peoples of the prehistoric world have contact with each another Is it possible that some were transported to far flung locations in what our ancestors could only have described as flying chariots Erich von D niken one of the best selling authors of all time and regarded by many as the father of the ancient alien theory continues his mission to uncover Earth s ancient past this time with more than 150 extraordinary full color photographs in Evidence of the Gods This extensively illustrated book features never before seen photographs from his unique archive compiled throughout decades of searching around the world for traces of the cosmic gods whom he believes came to Earth thousands of years ago Evidence of the Gods offers the best and most impressive evidence to date along with concise explanations for the images to bolster the case that von D niken has already been making quite convincingly for years Evidence of the Gods is his most convincing and thoroughly entertaining work yet Did extraterrestrial visitors really leave their unmistakable traces on our planet thousands of years ago The images will speak for themselves     *Enoch and the Return of the Gods* Erich von Däniken,2023 The bestselling author of Chariots of the Gods Erich von D niken examines the great traditions of mankind thousands of years old for signs traces messages that

point to early contact with extraterrestrial intelligences The Gods were here But when will the return Or have they ever really left The culmination of long term research Enoch and the Return of the Gods argues that we are very much in the minds and eyes of other cosmic life forms and that as a result many of the dramatic historical events and remarkable teachings of religious texts should be reinterpreted Erich von D niken examines the great traditions of mankind thousands of years old for signs traces messages that point to early contact with extraterrestrial intelligences The texts of the Bible are at the center of his text critical interpretations which pick apart the sense and nonsense of religious views He also draws on ancient Jewish sagas and legends reports from early historians and Indian Babylonian and Persian traditions As always von D niken finds support for such questions as Did Adam and Eve witness a UFO Who was Enoch and did he speak the language of extraterrestrials What will Judgement Day truly be Why did extraterrestrials tinker with humanity s DNA The gods were here and it is clear their influence remains to this day This book was first published in 1998 under the title The Return of the Gods This new edition features a new introduction by the author **The Return of the Gods** Erich von Däniken,2002 With more than 140 photographs maps models and drawings Von Dniken applies the same fact filled analysis to Nazca an ancient isolated settlement deep in the Peruvian desert that launched his 1968 bestseller Chariots of the Gods He analyzes aerial views and closeups of extraordinary markings that stretch for miles forming complex designs noticeable only from the air

*The Gods Were Astronauts* Erich von Däniken,2023-07-03 Bestselling author Erich von D niken explores the evidence of ancient visitors treated as gods in religious scripture and mythology His findings shake the foundations of both science and faith Why do nearly all the world s major religions share similar myths and legends Whether it s the Old Testament ancient legends or the creation myths of New Zealand s natives you come across similar stories everywhere Erich von D niken author of the international bestseller Chariots of the Gods believes he knows the answer and it is as wondrous and awe inspiring as it is controversial The winged angels populating the Bible the Koran and other religious texts from cultures the world over were in reality extraterrestrials who visited the Earth in ages long past Who were the gods of ancient lore How can the contradictions in the Bible be explained Why are the pagodas of Myanmar formerly Burma so amazingly similar to space capable rockets Erich von D niken provides convincing new and surprising interpretations and answers that fundamentally contradict both the teachings of religion and current science His astonishing conclusion The gods were not metaphysical beings that humans created in their imagination but extraterrestrial intelligences that have left their traces all over the Earth He offers persuasive evidence that actual living beings inspired the legends that became the basis for many of our religious traditions **Eyewitness to the Gods** Erich von Däniken,2019 The father of the ancient alien theory with more than 65 million books sold reveals everything he has withheld for years In all his years of service why didn t Erich von D niken ever doubt his theory that inhabitants of other planets had come into contact with humanity ages ago and that they still observe us today How could von D niken in all these years say firmly that the UFO phenomenon is real and that people are being

abducted by aliens Why does he repeatedly criticize the official historiography and our religions and thus accept scorn and hostility The answers to these questions are Because Erich von D niken spoke to people who supported his theories Because people who saw UFOs or were kidnapped by aliens trusted him And because experts and insiders inaugurated secrets known to only a few people In this book the now 81 year old presents selected eyewitnesses and insiders for the first time reveals secrets and stories that he has hitherto kept private and presents reports and revelations that leave one speechless *The Space-gods Revealed* Ronald Story,1976 First published in 1976 this book is a refutation to the theories and evidence in Erich von D niken s most famous work Chariots of the Gods which suggested that Earth had been visited by extraterrestrials in our distant past With an introduction by Carl Sagan Adapted from Wikipedia Some Trust in chariots Barry Thiering,1973 **Odyssey of the Gods** Erich von Däniken,2025-09-12 Erich von D niken s monumental Chariots of the Gods changed the way generations have looked at mythology ancient history and the possibility of advanced beings from other worlds visiting Earth Now he tackles the history of Greece and again challenges our beliefs about how our civilization arose Using painstaking archaeological research and evidence from the writings of Plato and Aristotle he suggests that the Greek myths were in fact very much a reality that the Greek gods were actually extraterrestrial beings who arrived on Earth many thousands of years ago Many of you may find von D niken s conclusions astounding but they are argued with such vigor and clarity that you ll be forced to consider the implications of his findings for mankind Odyssey of the Gods includes new eye opening information about A revolutionary interpretation of the sites and legends of ancient GreeceThe conflict between alien gods and humansThe true origin of centaurs the Cyclops and other mythical creaturesA startling new explanation of the Atlantis legend *Chariots of the Gods?* Erich von Däniken,1974-01-01 Were visitors from outer space responsible for the fantastic and unexplained ruins left behind by ancient civilizations Impossible Truths Erich Von Daniken,2018-01-16 The author of Chariots of the Gods presents astounding theories about alien contact in ancient history updated with new evidence from his research into formerly inaccessible sites Why do flying machines and astronauts appear in the artworks and sacred texts of all ancient cultures What is the meaning of the immense earth drawings impossible to view from the ground that can be found all over the globe How could prehistoric cultures have engraved diorite and other hard rock with such incredible precision without the use of modern tools In this mind bending new book Erich von D niken bestselling author and expert on extraterrestrial influences on early civilization draws on his latest research to update his astounding theory that the inhabitants of other planets have kept in contact with humankind since the earliest times Assess for yourself the stunning visual evidence presented in some 200 photographs Examine previously unpublished testimony from expert informants Discover new research undertaken by von D niken after the opening up of previously inaccessible regions such as the jungle city Buritaca 200 in Colombia Featuring profiles of Machu Picchu the Nazca Lines and other archaeological mysteries Impossible Truths shines a startling new light on the true relationship between alien species and humankind Chariots of
