ROSALYN SCHANZER

Escaping To America A True Story

Renate Stoever

Escaping To America A True Story:

Escaping to America Rosalyn Schanzer,2000-08-31 Tells how the author s family left difficult conditions in Poland to make a better life for themselves in America early in the twentieth century **Escape from Plauen, a True Story** Renate Stoever,2013-11-27 ESCAPE FROM PLAUEN tells the story of war s depravation but also tells the story of faith and the will to triumph against all odds An artist as well as a writer Renate Stoever has an artist s sensibility that lends beauty to her writing As a result the reader is not just an observer but also a participant in her experience This memoir of a remarkable life is a polished gem It will keep you turning pages until the last word Christine Royer retired Vice President of Public Affairs Barnard College N Y I ve been a professional editor for more than thirty years and Escape From Plauen is better writing than the work of most professional writers I ve edited This is an amazing story and it is incredibly well written Mike Slizewski professional editor Parts of this book moved me to tears creating powerful images of destruction great choice of words describing the emotion terror and horror of war as seen first hand through the eyes of a child What a great read riveting Carol Kreit author of First Wives Tool Kit **Escape from Slavery the True Story of My Ten Years in Captivity and My Journey to Freedom in America** Francis Bok,Tivnan Bok,2003-01 **Last Call: Humanity Hanging From A Cross Of Iron And Our Escape To Another Planet** Daniel R Altschuler,2022-05-30 This book tries to look at human thought and action from a scientific perspective and in the process acquaints the reader with essential concepts about science and its history It takes a broad look at our present troubles without overlooking some crucial historical religious and political causes but places science at the center stage The author applies what he has learned throughout his career to go beyond science After an introduction setting the scene and a review of the scientific temper and the inexcusable ignorance of science by some leaders and many followers the author turns his sharp vision to look at other issues The most significant challenges are critical and global climate change caused by our activities stockpiles of nuclear weapons that are a constant threat population growth and increasing inequality at all levels These problems do have a profound ethical character and threaten to end forever with our misery producing a catastrophic convergence Written with rigor for all readers with many references and infused with relevant quotations the author s message is clear we need to change our ways drastically and urgently now or never But he offers not much in terms of a solution something done by many authors to sweeten the pill because as he argues beyond lofty declarations there is no real solution as the clock runs down leading to his dystopian view of the future

The Jewish Values Finder Linda R. Silver,2008 Moral qualities good deeds instruction decent person These are the ideas and the ideals that express the meaning of the term Jewish values They are also the precepts embraced by most of the other world religions This highly authoritative reference guide by Linda Silver a specialist in Jewish children s literature evaluates and analyzes nearly 1 000 carefully selected children s books that promote Jewish values Each entry includes bibliographic information age level recommendations annotation relevant value and subject headings School and public
