## **Escape From Skepticism Liberal Education As If Truth Mattered:**

*Escape from Scepticism* Christopher Derrick, 1977-01-01      *Escape from Skepticism* , 1932      *Moral Apologetics for Contemporary Christians* Mark Coppenger, 2011-10-14 A respected Christian apologist thoughtfully pushes back against critics of the faith as well as cultural relativists arguing that Christianity is morally superior to its competitors and above all true      **With All Your Mind** Michael L. Peterson, 2001-10-29 *With All Your Mind* makes a compelling case for the value of thinking deeply about education in America from a historically orthodox and broadly ecumenical Christian point of view Few people dispute that education in America is in a state of crisis But not many have posed workable solutions to this serious problem Michael Peterson contends that thinking philosophically about education is our only hope for meaningful progress In this refreshing book he invites all who are concerned about education in America to participate in his study which analyzes representative theories and practical strategies that reveal the power of Christian ideas in this vital area      *The Common Things* Daniel McInerny, 1999 Concerned with the trendy technocratic and at times sophistical character of contemporary education at all levels both public and private the authors of this collection seek to reinvigorate a Thomistic approach to education appropriate to the problems of our day With its main inspiration taken from the work of Jacques Maritain especially his 1943 *Education at the Crossroads* the volume presents a trenchant critique of the privacies of contemporary education with its emphasis upon the conventional and useful At the same time the essays present the outlines of the proper alternative an education which helps students draw out from themselves the desire for truths which transcend the contingencies of culture and utility Such an education seeks to guide students to the common things available to all human beings The essays uphold an account of man's intellectual and affective capacities which understands these capacities as naturally ordered to truth The essays approach the task in different but complementary ways in critiques of contemporary theories of education in speculative accounts of knowledge and learning in applications of theory to specific institutional settings and in discussions of the political contexts governing modern education In this rich variety of ways the essays in *The Common Things* not only point the way back to the crossroads Maritain spoke of fifty years ago they go on to indicate something of the landscape along the road not taken by contemporary education ABOUT THE EDITOR Daniel McInerny is assistant professor of philosophy at the University of St Thomas Center for Thomistic Studies in Houston Texas THE CONTRIBUTORS In addition to the editor the contributors to the volume are Benedict M Ashley O P Romanus Cessario O P Charles Dechert Donald DeMarco Curtis L Hancock Gregory J Kerr Joseph W Koterski S J Robert Lauder Herbert I London Robert J McLaughlin Daniel McInerny John M Palms Jerome Meric Pessagno Ernest S Pierucci Alice Ramos Mario Ramos Reyes Walter Raubicheck Peter A Redpath Gregory M Reichberg James V Schall S J Francis Slade Michael W Strasser and Henk E S Woldring PRAISE FOR THE BOOK These essays are a considerable addition to Thomistic thought about education *Review of Metaphysics*      *Faith at State* Rick Kennedy, 2002-02-28 Professor Rick Kennedy knows the wariness some

Christians take with them to public universities After all not too many years ago he went off to school leaving behind parents concerned for the status of his faith But now after years of public education and more years of teaching at state universities Kennedy is convinced that Christians who attend such schools should be coached in more than just fear Large secular colleges are filled with the foolish and the wise the good and the evil Christians Kennedy insists can thrive Faith at State offers excellent encouraging guidance on understanding and relating to professors performing in the classroom and being a Christian presence non Christians can respect *Chapter and Verse* Mike Bryan,1992-11 An honest and insightful look at Christianity and religious belief through the eyes of a frank nonbeliever Lapsed Protestant Mike Bryan enrolled as a student at Criswell College a leading Southern Baptist Bible school in Dallas in order to pursue the truth about evangelical Christianity What he found there surprised him Fascinating and revealing The New York Times Book Review Escape from Scepticism Christopher Derrick,1977 **Catalog of Copyright Entries.
