Georgia O'Keeffe, A Private Friendship, Part II Nancy Hopkins Reily, 2014-12-01 The time is 1946 From Georgia O Keeffe's old hacienda sitting on a bluff in Abiquiu New Mexico she could see my aunt and uncle Helen and Winfield Morten's property across the Chama River Georgia had begun the restoration of her property The Mortens in the final stages of purchasing land along the Chama River had recently completed their restoration of another old hacienda they called Rancho de Abiquiu As one of few Anglos in the Chama River valley Georgia ventured over to Rancho de Abiquiu to introduce herself and a private friendship resulted with the Mortens and their family In this close family circle Georgia revealed herself and proved that beneath her bare face there was more to her than just an artist of legendary proportions Nancy Hopkins Reily spent many of her childhood days walking the Abiquiu and Ghost Ranch land She explored the canyons the White Place Echo Amphitheater the mountains and the Chama River by walking the trails worn by earlier moccasined feet In a seamless clear and straightforward narrative of excerpts from their lives Reily presents Georgia in a time window of her age The book features Reily's youthful experiences letters from Georgia glimpses of the family's memorabilia and photographic snapshots all gracefully woven into the forces of the contemporaneous scene that shaped their friendship In addition there are insights into the land's beauty times culture history and the people who surrounded Georgia as well as many minute details that should be remembered and which are often overlooked by others when they speak of Georgia O Keeffe

Facts about the U.S. Antarctic Program, 1990 **Encyclopedia of Twentieth-Century Photography, 3-Volume Set** Lynne Warren, 2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force This Encyclopedia presents the important developments movements photographers photographic institutions and theoretical aspects of the field along with information about equipment techniques and practical applications of photography To bring this history alive for the reader the set is illustrated in black and white throughout and each volume contains a color plate section A useful glossary of terms is also included

Georgia O'Keeffe, a Private Friendship Nancy Hopkins Reily, 2007 In a seamless clear and straightforward narrative of excerpts from their lives Reily presents Georgia O Keeffe in a time window of her age The book features Reily's youthful experiences letters from Georgia and glimpses of the family's memorabilia and photographic snapshots

South Pole Elizabeth Leane, 2016-04-15 As one of two points where the Earth's axis meets its surface the South Pole should be a precisely defined place But as Elizabeth Leane shows in this book conceptually it is a place of paradoxes An invisible spot on a high featureless ice plateau the Pole has no obvious material value yet it is a highly sought after location and reaching it on foot is one of the most extreme adventures an explorer can undertake The Pole is as Leane shows a deeply imagined place and a place of

politics where a series of national claims converge Leane details the important challenges that the South Pole poses to humanity asking what it can teach us about ourselves and our relationship with our planet She examines its allure for explorers such as Robert F Scott and Roald Amundsen not to mention the myriad writers and artists who have attempted to capture its strange inhospitable blankness She considers the Pole s advantages for climatologists and other scientists as well as the absurdities and banalities of human interaction with this place Ranging from the present all the way back to the ancient Greeks she offers a fascinating and lavishly illustrated story about one of the strangest and most important places on Earth

A Keener Perception Alan C. Braddock,Christoph Irmscher,2009 A landmark collection of essays on the intersections of visual art cultural studies and environmental history in America Issues of ecology both as they appear in the works of nature writers and in the works of literary writers for whom place and the land are central issues have long been of interest to literary critics and have given rise over the last two decades to the now firmly established field of ecocriticism The essays in this volume written by art historians and literary critics seek to bring the study of American art into the expanding discourse of ecocriticism A Keener Perception offers a series of case studies on topics ranging from John White s watercolors of the Carolina landscape executed during Sir Walter Raleigh s 1585 Roanoke expedition to photographs by environmental activist Eliot Porter Rather than merely resurrect past instances of ecologically attuned art this volume features essays that resituate many canonical figures such as Thomas Eakins Aaron Douglas and Thomas Cole in an ecocritical light by which they have yet to be viewed Studying such artists and artworks through an ecocritical lens not only provides a better understanding of these works and the American landscape but also brings a new interpretive paradigm to the field of art history a field that many of these critics believe would do well to embrace environmental concerns as a vital area of research In highlighting the work of scholars who bring ecological agendas to their study of American art as well as providing models for literary scholars who might like to better incorporate the visual arts into their own scholarship and teaching A Keener Perception is truly a landmark collection timely consequential and controversial
