## **Fidic Guide:**

**FIDIC - A Guide for Practitioners** Axel-Volkmar Jaeger, Götz-Sebastian Hök, 2009-11-11 In 1999 a suite of three new conditions of contract was published by FIDIC following the basic structure and wording harmonised and updated around the previous FIDIC Design Build and Turnkey Contract the 1992 Orange Book These conditions known as the FIDIC rainbow were the Conditions of Contract for Construction the so called Red Book for works designed by the Employer Plant and Design Build the so called Yellow Book for works designed by the Contractor EPC Turnkey Projects the so called Silver Book for works designed by the Contractor The first is intended for construction works where the Employer is responsible for the design as for per the previous so called Red Book 4th Edition 1987 with an important role for the Engineer The other two conditions of contract are intended for situations when the Contractor is responsible for the design The Plant and Design Build Contract has the traditional Engineer while the EPC Turnkey Contract has a two party arrangement generally with an Employer's Representative as one of the parties

**FIDIC User's Guide** Brian W. Totterdill, 2001 Guides to the FIDIC contract traditionally have been geared towards highlighting the legal aspects of claims arising from the contract This text focuses on the practical administration of the contract recognizing the growing tendency for projects to be administered by local employers consultants and contractors rather than by international organizations

**A Contractor's Guide to the FIDIC Conditions of Contract** Michael D. Robinson, 2011-02-16 This guide will help the contractor's staff overcome some of the difficulties encountered on a typical international contract using FIDIC forms The majority of FIDIC based contracts use the Red Book Conditions of Contract for Construction so this book concentrates on the use of those particular forms Supplementary comments are included in Appendix C for the Yellow Book Plant legal advice should be obtained as and when necessary particularly if the Contractor has little or no knowledge of the local law Armed on site with a copy of The Contractor and the FIDIC Contract the Contractor's Representative will be more able to avoid contractual problems rather than spend considerable time and energy resolving those problems once they have arisen

**An Employer's and Engineer's Guide to the FIDIC Conditions of Contract** Michael D. Robinson, 2013-02-05 When all parties involved in the construction process fully understand their roles and are able to anticipate potential points of conflict disputes and delays will be minimised The Employer's and Engineer's Guide to the FIDIC Conditions of Contract sets out the essential administrative requirements of a FIDIC based contract by reference to the FIDIC 1999 Red Book The obligations and duties of the Employer and the Engineer are identified and discussed Potential pitfalls are highlighted and likely consequences pointed out The importance of the Employer's role in the preparation of tenders which fully reflect his requirements and duties and obligations arising in the execution of the works is emphasised The key role of the Engineer in the effective administration of contracts after award is examined and commentary provided Included in the guide are a number of appendices including model letters which will be of value to less experienced staff particularly those whose mother tongue is not the English

language Engineers quantity surveyors and project managers engaged in the contractual administration of international projects using FIDIC forms of contract will find the concise guidance in simple and jargon free language provided here invaluable This together with the author s earlier book Contractor s Guide to the FIDIC Conditions of Contract which describes the duties rights and responsibilities of the Contractor represents the totality of supervision design and execution of construction projects executed under the FIDIC Conditions of Contract This book s companion website offers invaluable resources to freely download adapt and use Model letters for use by the Employer Model letters for use by the Contractor Sample Interim Payment Certificate Model Form for Submissions to the Engineer Model Form of Engineer s Order for Varied Works Model Form of Daywork Daily Record Sheets

### **Guide to the FIDIC Conditions of Contract for Construction**

Michael D. Robinson, 2023-01-19 Enables readers to easily understand the contract to enable better compliance and efficiency Guide to the FIDIC Conditions of Contract for Construction The Red Book 2017 helps the reader overcome some of the difficulties encountered on a typical international construction project using the FIDIC Construction Contract 2nd Edition the 2017 Red Book by summarizing the activities and duties of those involved and crystallizing the requirements of the contract To aid in reader comprehension the text explains clauses in the sequence they appear in the contract but also in the order they happen in real time on site It further provides practical guidance in a concise manner and in straightforward jargon free language It is a highly practical resource for use during the project rather than a legal review of the contractual requirements ensuring readers are fully conversant with the revised requirements and procedures mandated by the 2017 edition of the contract Guide to the FIDIC Conditions of Contract for Construction The Red Book 2017 includes A review of the duties and responsibilities of the three parties the Employer the Engineer and the Contractor engaged on a FIDIC based Contract A review of the flow of documentation and instructions which is to be provided by one party to another party throughout the contract period Practical guidelines are provided for the avoidance of disputes and delays in order that contracts are completed as planned Guide to the FIDIC Conditions of Contract for Construction The Red Book 2017 is a practical and highly useful resource for engineers consultants project managers and others who are engaged in the site management of international projects using the FIDIC Construction Contract along with those involved in contractual administration on behalf of the client
