**Video Games Around the World** Mark J. P. Wolf, 2015-05-01 Thirty nine essays explore the vast diversity of video game history and culture across all the world's continents. Video games have become a global industry and their history spans dozens of national industries where foreign imports compete with domestic productions. Legitimate industry contends with piracy and national identity faces the global marketplace. This volume describes video game history and culture across every continent with essays covering areas as disparate and far flung as Argentina and Thailand, Hungary and Indonesia, Iran and Ireland. Most of the essays are written by natives of the countries they discuss; many of them game designers and founders of game companies offering distinctively firsthand perspectives. Some of these national histories appear for the first time in English and some for the first time in any language. Readers will learn for example about the rapid growth of mobile games in Africa, how a meat packing company held the rights to import the Atari VCS 2600 into Mexico, and how the Indonesian MMORPG Nusantara Online reflects that country's cultural history and folklore. Every country or region's unique conditions provide the context that shapes its national industry, for example the long history of computer science in the United Kingdom and Scandinavia, the problems of piracy in China, the PC Bangs of South Korea, or the Dutch industry's emphasis on serious games. As these essays demonstrate, local innovation and diversification thrive alongside productions and corporations with global aspirations. Africa, Arab World, Argentina, Australia, Austria, Brazil, Canada, China, Colombia, Czech Republic, Finland, France, Germany, Hong Kong, Hungary, India, Indonesia, Iran, Ireland, Italy, Japan, Mexico, The Netherlands, New Zealand, Peru, Poland, Portugal, Russia, Scandinavia, Singapore, South Korea, Spain, Switzerland, Thailand, Turkey, United Kingdom, United States of America, Uruguay, Venezuela.

This comprehensive guide offers a thorough view of key knowledge and detailed insight. It's all you need. Here's part of the content you would like to know. It all. Delve into this book today. FIFA 13, also known as FIFA Soccer 13 in North America, is the twentieth edition of Electronic Arts' highly acclaimed association football FIFA video game series. It is assumed, however, that the commentary in FIFA 13 will be similar to that of the previous version, that is, Martin Tyler and Alan Smith are assumed to be included for FIFA 13's English commentary, as well as Clive Tyldesley and Andy Townsend. The leagues in FIFA 13 have been confirmed by EA Sports through their website, with EA calling it the most authentic football game on the planet, with 32 of the world's best leagues. All leagues from FIFA 12 are included, with the addition of the Saudi Professional League for the first time in the series history, making its first appearance on FIFA 13. In FIFA 13, there are new real stadiums: Tottenham Hotspur's White Hart Lane and the Saudi Arabia's King Fahd International Stadium. There is absolutely nothing that isn't thoroughly covered in the book. It is straightforward and does an excellent job of explaining all about FIFA 13 in key topics and material. There is no reason to invest in any other materials to learn about FIFA 13. You'll understand it all. Inside the Guide. FIFA 13. Lionel Messi. Let It Roll. Flo Rida song. King Fahd International.
