I've tried playing it cool
But when I'm looking at you
I can't ever be brave
Cause you make my heart race
Shut me out of the sky
You're my kryptonite
You keep making me weak
Yeah, frozen and can't breathe

Something's gotta give now
Cause I'm dying just to make you see
That I need you here with me now
Cause you've got that one thing

So get out, get out, get out of my head
And fall into my arms instead
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing

Now I'm climbing the walls
But you don't notice at all
That I'm going out of my mind
All day and all night
Something's gotta give now
Cause I'm dying just to know your name
And I need you here with me now
Cause you've got that one thing

So get out, get out, get out of my head
And fall into my arms instead
I don't, I don't, don't know what it is
But I need that one thing
Get out, get out, get out of my mind
And come on, come into my life
I don't, I don't, don't know what it is
But I need that one thing
And you've got that one thing

Dwight's Journal of Music ,1877 **Song of Songs** Marvin H. Pope,2007 The Song of Songs has been compared to a lock for which the key was lost Traditionally ascribed to King Solomon the book has a sensuous imagery that has been the subject of various allegorical interpretations chiefly as

relating to Yahweh's love for Israel or Christ's love for the Church Marvin H Pope suggests that the poem is what it seems an unabashed celebration of sexual love both human and divine rooted in the fertility religions of the ancient Near East the sacred marriage rite and the funeral feast A distinctive feature of his interpretation is the correlation between Love and Death Also discussed are parallel literatures possible Indian influences and the significance of the Song for women's liberation Samples of traditional Jewish and Christian allegorical interpretations are cited for each verse Numerous photographs and drawings of ancient Near East origin illustrate and authenticate this provocative and controversial interpretation of Solomon's sublime song

Virgil's Garden Frederick Jones, 2013-10-16 Virgil's book of bucolic verse the Eclogues defines a green space separate from the outside worlds both of other Roman verse and of the real world of his audience However the boundaries between inside and outside are deliberately porous The bucolic natives are aware of the presence of Rome and Virgil himself is free to enter their world Virgil's bucolic space is in many ways a poetic replication of the public and private gardens of his Roman audience enclosed green spaces which afforded the citizen sheltered social and cultural activities temporary respite from the turbulence of public life and a tamed landscape in which to play out the tensions between the simple ideal and the complexities of reality This book examines the Eclogues in terms of the relationship between its contents and its cultural context making connections between the Eclogues and the representational modes of Roman art Roman concepts of space and landscape and Roman gardens
