## Psychological Suspense For Beginners:

Psycho-Analysis: The Beginning Catherine Nuza, 2017-08-01 How much truth can you handle and how far you would go to get it Understanding the human condition can ignite horror and disbelief The mind can be understood even when broken it challenges who we really are Psychopathic instincts drive Khedlar into his unpredicted hell and carnage he is driven to orchestrate Through the looking glass of sanity and insanity Khedlar battles with his mind and conscience in a world where madness is normality and fractured projections of the past are all he has left How a psychopath is born and the need to survive combines in the ultimate psychological thriller of love death and betrayal How deep is the rabbit hole in the darkest corner of your mind This is the beginning Get ready for a chilling accurate fast paced story unraveling one lie at a time Not all that lies beneath the human psyche is beautiful
