Cuban Palimpsests Jose Quiroga,2005 Four decades ago the Cuban revolution captured the world s attention and imagination Its impact around the world was as much cultural as geopolitical Within Cuba the state developed a strictly defined national and collective memory that led directly from a colonial past to a utopian future but this narrative came to a halt in the early 1990s The collapse of Cuba s sponsor the Soviet Union and the end of the Cold War preceded the so called Special Period in Times of Peace a euphemistic phrase that masked the genuine anxiety shared by leaders and people about the nation s future In *Cuban Palimpsests* Jos Quiroga explores the sites both physical and imaginative where memory bears upon Cuba s collective history in ways that illuminate this extended moment of uncertainty Crossing geographical political and cultural borders Quiroga moves with ease between Cuba Miami and New York He traces generational shifts within the exile community contrasts Havana s cultural richness with its economic impoverishment follows the cloak and dagger narratives of revolutionary and counterrevolutionary spy fiction and film and documents the world s ongoing fascination with Cuban culture From the nostalgic photographs of Walker Evans to the iconic stature of Fidel Castro from the literary expressions of despair to the beat of Cuban musical rhythms from the haunting legacy of artist Ana Mendieta to the death of Celia Cruz and the reburial of Che Guevara *Cuban Palimpsests* memorializes the ruins of Cuba s past and offers a powerful meditation on its enigmatic place within the new world order Jos Quiroga is professor and department chair of Spanish and Portuguese at Emory University He is the author of *Understanding Octavio Paz* and *Tropics of Desire Interventions from Queer Latino America*

Newsweek ,1998 **Fidel between the Lines** Laura-Zoë Humphreys,2019-10-25 In *Fidel between the Lines* Laura Zo

Humphreys traces the changing dynamics of criticism and censorship in late socialist Cuba through a focus on cinema Following the collapse of the Soviet Union the Cuban state strategically relaxed censorship attempting to contain dissent by giving it an outlet in the arts Along with this shift foreign funding and digital technologies gave filmmakers more freedom to criticize the state than ever before yet these openings also exacerbated the political paranoia that has long shaped the Cuban public sphere Drawing on ethnographic fieldwork textual analysis and archival research Humphreys shows how Cuban filmmakers have historically turned to allegory to communicate an ambivalent relationship to the Revolution and how such efforts came up against new forms of suspicion in the 1990s and the twenty first century Offering insights that extend beyond Cuba Humphreys reveals what happens to public debate when freedom of expression can no longer be distinguished from complicity while demonstrating the ways in which combining anthropology with film studies can shed light on cinema s broader social and political import
