making even more than Mark did now and employing many of the brokers that worked for LF Rothschild This book is a reconstruction of a wild ride that occurred in Wall street history It is told through the internal voice which Jordan often speaks of in the book The voice is often how he justified many of the manipulative and self serving behaviors in which he engages Jordan grew up in middle class Queens New York He wants the reader to know that he was not brought up to behave the way he did during the 80s and 90s Today he is a loving father committed to his children He hopes that his serves as a cautionary tale to anyone who considers misusing their talents for greedy and evil purposes
