Explore Fossils With 25 Great Projects Explore Your World:

Explore Fossils! Cynthia Light Brown, Grace Brown, 2016-01-19 In *Explore Fossils With 25 Great Projects* readers can expand their dinosaur obsessions into learning opportunities that take them beyond Triceratops Stegosaurus and even Tyrannosaurus rex to other animals plants and microbes that lived long before humans *Explore Fossils* introduces young readers to the history of life on Earth as revealed by fossils Kids learn how fossils form and about the different types of fossils and the world of long ago its landscape and the plants and animals that lived then Scientists use radiometric dating to test fossils to discover when they were made what organisms made them what those organisms used for energy what killed them and a whole lot of other information All from rocks That s a lot of information stored under our feet Activities include creating plaster fossils using popcorn to illustrate radiometric dating and exploring what might have caused mass extinctions by making a lava flow and simulating an asteroid impact By studying the past not only do students meet amazing plants and animals they are also encouraged to consider their own role in geological time to make thoughtful hypotheses about the future

Explore Predators and Prey! Cindy Blobaum, 2016-11-24 Hunting hiding trapping and tricking are just a few of the strategies used by animals in the wild to ensure they eat enough without being eaten themselves In *Explore Predators and Prey With 25 Great Projects* readers ages 7 through 10 explore the physical and behavioral adaptations of predators and prey and their impact on the environment Predators such as hawks and foxes have keen eyesight and sharp beaks and teeth to help them catch their prey Prey such as mice and rabbits have large ears to hear danger and can move quickly to escape their enemies Animal populations are closely integrated with each other and the surrounding environment A change to one population causes changes to all others Readers discover how repercussions can affect nature including humans and are encouraged to consider their own actions with an eye toward the effect on the environment In *Explore Predators and Prey* kids actively learn about body tools and behavior strategies as they test their own abilities to hunt and hide in a series of science minded activities Fun facts and colorful cartoons make learning entertaining and links to online primary sources and videos make the content accessible to all learners

Building Foundations of Scientific Understanding Bernard J. Nebel Ph.D., 2014-10-09 *Building Foundations of Scientific Understanding* BFSU BFSU is for teachers homeschoolers and other educators to deliver a first rate science education to K 8 students and older beginning science learners Vol I here is for grades K 2 and older beginning science learners Volumes II and III are for grades 3 5 and 6 8 and older progressing science learners BFSU provides both teaching methodologies and detailed lesson plans embracing and integrating all the major areas of science BFSU lessons follow structured learning progressions that build knowledge and develop understanding in systematic incremental steps BFSU lessons all center around hands on experience and real world observations In turn they draw students to exercise their minds in thinking and drawing rational conclusions from what they observe experience Therefore in following BFSU students will be guided toward conceptual understanding of crosscutting concepts and ideas of

science as well as factual knowledge and they will develop mind skills of scientific thinking and logical reasoning in the process Implementing BFSU requires no particular background in either science or teaching Teachers parents can learn along with their children and be excellent role models in doing so Already widely used and acclaimed in its 1st edition form this second edition of BFSU contains added elements that will make it more useful in bringing students to master the Next Generation Science Standards NGSS
