Exploring Psychology And Christian Faith An Introductory Guide:

Exploring Psychology and Christian Faith Paul Moes, Donald J. Tellinghuisen, 2023-07-11 Drawn from more than sixty years of classroom experience this introductory guide provides students with a coherent framework for considering psychology from a Christian perspective Paul Moes and Donald Tellinghuisen explore biblical themes of human nature in relation to all major areas of psychology showing how a Christian understanding of humans can inform the study of psychology The first edition has proven to be a successful textbook with over 11 000 copies sold The second edition has been updated and revised throughout based on student and instructor feedback Brief accessible chapters correspond to standard introductory psychology textbooks making this an excellent supplemental text The book includes end of chapter questions An updated test bank for professors is available through Textbook eSources

Exploring Psychology and Christian Faith Paul Moes, 2014 Introductory psychology courses can raise significant questions about the nature of being human Christianity with its emphasis on humans made in the image of God has a clear perspective Psychology offers answers too but they are often subtly implied Drawn from more than fifty years of classroom experience this introductory guide provides students with a coherent framework for considering psychology from a Christian perspective The authors explore biblical themes of human nature in relation to all major areas of psychology showing how a Christian understanding of humans can inform the study of psychology Brief accessible chapters correspond to standard introductory psychology textbooks making this an excellent supplemental text End of chapter questions are included

Exploring Psychology and Christian Faith Paul Moes, Donald J. Tellinghuisen, 2023 Drawn from more than sixty years of classroom experience this introductory guide provides students with a coherent framework for considering psychology from a Christian perspective Paul Moes and Donald Tellinghuisen explore biblical themes of human nature in relation to all major areas of psychology showing how a Christian understanding of humans can inform the study of psychology Now revised and updated throughout [Psychological Science and Christian Faith](#) Malcolm A. Jeeves, Thomas E. Ludwig, 2018-04-20 Is it possible to integrate scientific psychology with a Christian understanding of human nature Are science and religion locked in an inevitable conflict or is there an underlying harmony between these two sources of knowledge about humans This book goes to the heart of the past and present dialogue between Christianity and psychology comparing three models that have been used to describe the relationship between them Because Christianity and psychology deal with different levels of truth and speak vastly different languages efforts to unify them often create more problems than they solve What is needed is a better way to think about the relationship an approach that does justice to the emerging insights from psychological science and biblical scholarship and that can enrich our understanding of both In this volume two accomplished psychologists show how this complementary dialogue can unfold giving us a broader deeper understanding of ourselves our relationships and our place in the cosmos

Integrating Psychology and Faith Paul Moes, Blake Riek, 2023-12-19 This textbook updates the conversation about models of psychology

and faith integration helping students understand the range of options for Christian engagement Drawing from themes developed in Paul Moes's well received *Exploring Psychology and Christian Faith* coauthored with Donald J Tellinghuisen *Integrating Psychology and Faith* develops a set of worldview dimensions that serve to organize a variety of psychology faith integration models Paul Moes and Blake Riek set forth principles and themes and establish historical context to help students explore where different views fit on a continuum of approaches to integration and understand the perspectives of other Christians in the field of psychology In this way students come to better understand the organizing principles for various views about psychology that they encounter The book also shows how theological traditions and positions shape views on natural science social science and psychology
