#### **Expressionism In Philosophy Spinoza:**

Expressionism in Philosophy Gilles Deleuze, 2021-07-06 In this remarkable work Gilles Deleuze the renowned French philosopher reflects on one of the thinkers of the past who most influenced his own sweeping reconfiguration of the tasks of philosophy For Deleuze Spinoza along with Nietzsche and Lucretius conceived of philosophy as an enterprise of liberation and radical demystification He locates in Spinoza a set of affects a kinetic determination an impulse and makes Spinoza into an encounter a passion Expressionism in Philosophy was the culmination of a series of monographic studies by Deleuze on Hume Bergson Nietzsche Proust Kant and Sacher Masoch and prepared the transition from these abstract treatments of historical schemes of experience to the nomadology of Capitalism and Schizophrenia Anti Oedipus and A Thousand Plateaus co authored with F lix Guattari Thus Expressionism in Philosophy is both a pivotal reading of Spinoza s work and a crucial text within the development of Deleuze's thought **Deleuze and Spinoza** G. Howie, 2002-05-15 Expressionism Deleuze s philosophical commentary on Spinoza is a critically important work because its conclusions provide the foundations for Deleuze s later metaphysical speculations on the nature of power the body difference and singularities Deleuze and Spinoza is the first book to examine Deleuze's philosophical assessment of Spinoza and appraise his arguments concerning the Absolute the philosophy of mind epistemology and moral and political philosophy The author respects and disagrees with Deleuze the philosopher and suggests that his arguments not only lead to eliminativism and an Hobbesian politics but that they also cast a mystifying spell Gilles Deleuze and Metaphysics Alain Beaulieu, Edward Kazarian, Julia Sushytska, 2014-12-24 Deleuze remains indifferent to the ambient pathos related to the end of metaphysics and compares the undertakings of destruction overcoming and deconstruction of metaphysics with the gestures of murderers He considers himself a pure metaphysician which is rather unique in the contemporary philosophical landscape What are we to make of this and similar claims What do they mean in light of the effort made during the last several centuries to overcome overturn destroy or deconstruct metaphysics If we consider Deleuze's work more closely might find him engaging in the kind of thinking that is commonly referred to as metaphysical And if Deleuze is indeed a metaphysician does this undercut the many insightful contributions of the twentieth century philosophers who dedicate their thought to bringing down Western metaphysical tradition Or does it suggest that there is a sense of metaphysics that should nevertheless be preserved These and similar questions are addressed in this volume by a series of international scholars. The goal of the book is to critically engage an aspect of Deleuze's thought that for the most part has been neglected and to understand better his immanent metaphysics It also seeks to explore the consequences of such an engagement Spinoza's Authority Volume II A. Kiarina Kordela, Dimitris Vardoulakis, 2017-12-28 Spinoza s political thought has been subject to a significant revival of interest in recent years As a response to difficult times students and scholars have returned to this founding figure of modern philosophy as a means to help reinterpret and rethink the political present Spinoza's Authority Volume II makes a significant

contribution to this ongoing reception and utilization of Spinoza's 1670s Theologico Political and Political treatises By taking the concept of authority as an original framework this books asks How is authority related to law memory and conflict in Spinoza's political thought What are the social historical and representational processes that produce authority and resistance And what are the conditions of effective resistance Spinoza's Authority Volume II features a roster of internationally established theorists of Spinoza's work and covers key elements of Spinoza's political philosophy New Perspectives on the Relationship between Pain, Suffering and Metaphor Nate Hinerman, 2019-01-04 This volume was first published by Inter Disciplinary Press in 2016 This inter and multi disciplinary volume examines various approaches to suffering how to define it discuss it treat it measure it hold it endure it chart it share it and survive it Todd May, 2005-01-10 This book offers a readable and compelling introduction to the work of one of the twentieth century s most important and elusive thinkers Other books have tried to explain Deleuze in general terms Todd May organizes his book around a central question at the heart of Deleuze's philosophy how might we live The author then goes on to explain how Deleuze offers a view of the cosmos as a living thing that provides ways of conducting our lives that we may not have dreamed of Through this approach the full range of Deleuze's philosophy is covered Offering a lucid account of a highly technical philosophy Todd May's introduction will be widely read amongst those in philosophy political science cultural studies and French studies The Journal of the Indian Academy of Philosophy Indian Academy of Philosophy, 2010

The Deployment of Spaces in Proust and Joyce Or how to Produce Escape Routes Carlos Victor Reyes, 1993 World Philosophers and Their Works: Abe, Masao ,2000 Examines the lives works and influence of ancient and contemporary world philosophers from Pythagoras and Jalal al Din Rumi to Elie Wiesel and Alison M Jaggar and analyzes the authorship and historical context of ancient works Perspectives on the Logic and Metaphysics of F.H. Bradley W. J. Mander, 1996 Covers all aspects of Bradley's work on logic and metaphysics from his critique of relational thought to his doctrine of immediate experience Ideology Robert Porter, 2006 Ideology draws on the social political and cultural theory of Jurgen Habermas Gilles Deleuze and Slavoj Zizek in order to explore the possibility of developing a critical conception of ideology The book is concerned with two main themes the relationship of ideology to the real and the relationship between ideology and the ethical Although these three writers are often assumed to have little in common Porter demonstrates a formal homology between them by showing that they all offer an idea of critique that pivots around two central intuitions Firstly they insist that a substantive critical distinction can be drawn between the ideological and the real And secondly Habermas

Deleuze and Zizek all offer an image of ideology critique that is importantly grounded on ethical terms By engaging among other things with Habermas s sociological work on the public sphere Zizek s forays into popular culture and Deleuze s analysis of political cinema Ideology strives to concretely animate how each of these figures provide the critical tools necessary to challenge the kinds of ideological practice that pervade the contemporary social world
