

Expressionisme

An expressionist painting of a woman's face and upper torso. The face is a vibrant, saturated red, contrasting sharply with the pale yellow of her hair and the deep blue of the background. Her eyes are a pale, almost white blue, and her lips are a dark red. The brushwork is thick and visible, particularly on the face and hair. In the upper left corner, there is a small, rectangular inset painting showing a landscape with a blue sky, green trees, and a body of water, rendered in a similar expressionist style.

The Routledge Companion to Expressionism in a Transnational Context is a challenging exploration of the transnational formation dissemination and transformation of expressionism outside of the German speaking world in regions such as Central and Eastern Europe the Baltics and Scandinavia Western and Southern Europe North and Latin America and South Africa in the first half of the twentieth century Comprising a series of essays by an international group of scholars in the fields of art history and literary and cultural studies the volume addresses the intellectual discussions and artistic developments arising in the context of the expressionist movement in the various art centers and cultural regions The authors also examine the implications of expressionism in artistic practice and its influence on modern and contemporary cultural production Essential for an in depth understanding and discussion of expressionism this volume opens up new perspectives on developments in the visual arts of this period and challenges the traditional narratives that have predominantly focused on artistic styles and national movements *Expressionisme in Nederland* Piet Boyens, 1994

Expressionism as an International Literary Phenomenon Ulrich Weisstein, 1973-01-01 Ulrich Weisstein's collection of 21 essays offers a comparative study of Expressionism as a Modernist movement whose dynamic core lay in Germany and Austria Hungary but which transformed artistic practices in other European countries The focus Weisstein argues must be strictly and sharply aimed at a specific body of works and opinions a relatively dense core surrounded by a less clearly defined fringe zone indigenous to the German speaking countries The volume spans an Expressionist period extending from roughly 1910 to 1925 Weisstein himself contributes two introductory chapters on problems of definition and a thoughtful analysis of English Vorticism An ample context is set by comparative essays concerned with international movements such as Futurism that had an impact on German Expressionist drama prose and poetry together with essays on the adaptation of Expressionist forms in countries such as Poland Russia Hungary South Slavic nations and the United States These essays call attention to representative authors and artists as well as to periodicals and artistic circles Reviewers have praised not only the presentation of literary links and interaction among national cultures but especially the most rewarding interdisciplinary essays on Dada and on Expressionist painting music and film Nederlandse rijksmusea in ..., 1983 De expressionisten; schilderkunst van het vooroorlogs expressionisme in Nederland Dolf Welling, 1968 **Den Gulden winckel : maandschrift voor de boekenvrienden in Groot-Nederland**, 1928 *Groot Nederland*, 1924 **Schets geschiedenis Nederlandse letterkunde** Gerard Petrus Maria Knuvelde, Gerard Pieter Maria Knuvelde, 1979 *De Toegepaste kunsten in Nederland*, 1927 **Henri Berssenbrugge** Ingeborg Th Leijerzapf, Harm Botman, Bernard Heinrich Wilhelm Berssenbrugge, 2001
