S [The Joe Ledger Series, Thus Far](#) Jonathan Maberry, 2016-05-31 1 New York Times bestselling author

Jonathan Maberry is a master of horror. His imagination is the fodder for our worst nightmares. Here together for the first time are eight novels of Maberry's spine-tingling Joe Ledger series. Patient Zero introduces readers to the legend that is Joe Ledger and to the secret government agency the Department of Military Sciences (DMS) that recruits him. Terrorists have a death-defying bioweapon that threatens to turn innocent civilians into man-eating zombies. In Dragon Factory, Joe Ledger and the DMS face off against two competing groups of geneticists. One side is creating exotic transgenic monsters and enhanced mercenary armies; the other is using modern technology to continue the Nazi Master Race program begun by Josef Mengele. The King of Plagues introduces Joe and his DMS team to a massively powerful secret society bent on world destruction. They plan to use the Ten Plagues of Egypt to destroy global economies unless Joe can stop them. In Assassin's Code, Joe Ledger and Echo Team go on a relentless chase to stop an ancient order of killers from plunging the world into Holy War. When they rescue American hostages, the Iranian government asks them to help find six nuclear bombs, a chase that leads them into vaults of forbidden knowledge, mass murder, and a brotherhood of genetically engineered blood-thirsty killers. Extinction Machine finds UFOs in the sky, the president of the United States missing, and Joe Ledger and the Department of Military Sciences rushing headlong into the world's deadliest arms race. The global sprint to retro-engineer alien technologies halts when someone or something wants that technology back. Code Zero is the exciting and direct sequel to Patient Zero. A highly elite team of killers breaks through unbreakable security and steals the world's most dangerous weapons. Within days, there are outbreaks of mass slaughter and murderous insanity. Joe Ledger must stop the Land of the Free from turning into a land of the dead. When armies of killer drones explode across the nation on baseball's opening day, Joe Ledger and his team realize that American technology has been compromised at all levels, most importantly on Air Force One. The president is trapped, and the plane is now a missile; it has become Predator One. In Kill Switch, a terrifying new kind of assassin has the power to take over people's minds in order to wreak chaos on the world. A terrorist group has acquired one hundred E-bombs. Each bomb's electromagnetic pulse is powerful enough to blow out all power and all technology from a major city. Joe must stop the criminals waiting for the lights to go out.
