Exploring The Colony Ship After Recovery Colony Ship Eschaton:

Exploring the Colony Ship John Thornton, 2013-02-20 The Earth is a dry dead wasteland The last place livable was Dome 17 but as it was failing Those people made a last ditch effort to survive Though a bold and daring plan they were able to reach what seems to be a derelict colony ship The Eschaton which is in mid flight Please see book one *Recovery of a Colony Ship* The Eschaton had been designed to hold numerous and diverse immense biological habitats flora fauna and everything needed to terraform a new world It also carried thousands of people in suspended animation The ship was designed to be tended by crews who would live out their lives in the journey between worlds That journey would only be completed after several generations had lived and died while in transit That was the plan But something happened The people from Dome 17 have reached The Eschaton but what will they find in those habitats What systems are still functioning Did any of the crew survive What lurks deep in the bowels of a colony ship Jamie and Michael will seek to unravel these mysteries and survive as they Explore the Colony Ship

Recovery of a Colony Ship John Thornton, 2013-03-19 Michael and Jamie live in Dome 17 The last place safe for humans or any life on a dying earth They are adventurers who have explored other domes but everywhere else is dead Will Dome 17 meet the same fate The committee has a risky plan to try out unproven technologies a faster than light scout ship and teleportation Both technologies have severe limits Only two people can be carried aboard those FTL scout ships for a one way journey Teleportation can only work when a receiving pad is at the target location So can they make both these technologies work to save the last of humanity One hundred years before the people of earth had built gigantic colony ships with enclosed habitats They were filled with flora and fauna and people These ships were launched into space knowing it would take generations to reach other solar systems Those space pioneers would live out their lives in transition to a new world But the colony ship program was considered a dismal failure All of the colony ships were considered lost Will Michael and Jamie travel to one of the colony ships Will it be a derelict Or will it be a chance for a new home for humanity What will they find as they try the recovery of a colony ship

Colony Ship R. J. Messinger, 2024-02

SYNOPSIS Three explorers driven by insatiable curiosity leave their small Village and embark on a perilous journey across the Ocean in search of answers They make the stunning discovery that they are living in an artificially created environment within an ancient Starship that has been hurtling out of control through Space for thousands of years Astronomers on Earth discover an unknown object traveling through the far reaches of the Solar System and an experimental privately funded Starship prototype is sent out on their maiden voyage to investigate the object What they find when they get there is far more than they expected
