dressed and sharply coiffured Indian and you have a recipe for an epic nightmare If only she could get a moment's rest Vervain might be able to deal with it all but even in Faerie she can't escape The newly created dark fey are having problems controlling their element Between the dark fey and her dark dreams the Godhunter's unable to find any solace and sleeping has become only another way to die The saga continues taking the Godhunter across the realms and through her dreams Join the adventure hurry and grab your copy today *Rain Or Monkeyshine* Amy Sumida,2015-04-21 The Godhunter is on lockdown her lovers gathering around her in preparation for some unknown trouble lurking on the horizon So when one of the Dark Horses is abducted by a Hindu monkey god Vervain is kept out of the rescue mission Hiding doesn't work for the Godhunter though and soon she is drawn into a strange world where monkeys fly snakes rule underground cities and birds prey on the weak Her self control and strength will be tested as she goes up against one of the largest god armies she's ever seen Is this the danger she's been warned of or is there an even greater battle to be fought within herself *Tracing Thunder* Amy Sumida,2014-06-28 Olympus is calling The thirteenth installment of The Godhunter Series takes us through the Greek pantheon reaching ultimate highs and surprising depths Ambrosia the source of immortality for the Greek gods It's creation is a secret held only by Zeus himself and he's held that secret over the heads of his fellow gods for years giving ambrosia only to those who agree to serve him Now the Godhunter has gotten wind of his monopoly on immortality and although she normally fights for humanity this time she's going to make an exception and fight for the gods But Zeus isn't the only storm brewing Vervain is having strange visions her nine pointed star is behaving oddly and something powerful is stirring in the Faerie Realm Like tracing after thunder the solution to all her problems seems to be just beyond her reach Carry on the fight with Vervain and grab your copy of Tracing Thunder Cover art by India Jones Find her on Twitter [_IndiaJones](#) *A Darker Element* Amy Sumida,2015-03-30 A Darker Element Long ago when magic still roamed freely without restraint or purpose it delighted in the elements It flowed through them saturated them and then became aware of itself Faerie was born but within her and the elements was a seed of loneliness This seed grew and multiplied into the darker emotions When Faerie decided to create the fey to relieve her loneliness she separated those darker emotions from the elements so that the fey were born pure That's the story most fey tell about their creation but our creation that of the dark fey goes further You see we were those dark emotions which were so carelessly cut away from the other elements Faerie didn't even realize that the Darkness was an element until we threatened her very existence Then she saw what we needed physical form like that which had been given to every other element So we were finally created Twenty one dark sidhe each with the power of a dark emotion My name is Liatrix and my emotion is Shame It's all I've ever known and even with the freedom of the flesh I can't seem to live beyond it I don't expect a lot from this life but I have desires just like everyone else Happiness safety love Simple things but I know they'll never be mine How can Shame coexist with happiness How can a thing of Darkness ever feel safe And how can I ever have love when the only man I want is our king A Darker Element will
