Electronic Voices Contact With Another Dimension:

Electronic Voices: Contact with Another Dimension? Anabela Cardoso, 2010-10-16 This is the story of a normal woman who experienced the impossible objective contacts with another dimension through loud and clear voices received by electronic means during Instrumental Transcommunication ITC experiments Dr Cardoso a senior diplomat describes the astounding experiences that transformed her life since she started ITC research in 1997 She presents extracts of conversations with her deceased loved ones and other personalities who insisted that they live in another world The level of agreement between communications received by the author and concepts even words recorded by other experimenters from Jrgenson and Raudive to contemporary operators constitutes compelling evidence of the reality of the next world that awaits us all As communicators from Timestream told Dr Cardoso The dead pass through here you pass through here Electronic Voices breaks new ground in the literature *Parapsychology* Etzel Cardeña, John Palmer, David Marcusson-Clavertz, 2015-07-25 Many people have experienced such unusual phenomena as dreams that later seem to correspond with unforeseeable events thinking of a long lost friend just before he or she unexpectedly calls or the ability to feel the presence of deceased loved ones What many do not realize is that these types of experiences have been researched for more than a century by eminent scientists including Nobel laureates Most of these researchers have concluded that some of these phenomena do occur although we are far from explaining them to everyone s satisfaction This book is the first in almost 40 years to provide a comprehensive scientific overview of research in the field of parapsychology explaining what we know and don t know about so called psi phenomena such as telepathy precognition or psychokinesis Contributors evaluate the evidence for these phenomena accounting for factors such as selective memory wish fulfillment and incorrect methods or analyses in some cases offering psychological physical and biological theories Instructors considering this book for use in a course may request an examination copy here *The Occult World* Christopher Partridge, 2014-12-05 This volume presents students and scholars with a comprehensive overview of the fascinating world of the occult It explores the history of Western occultism from ancient and medieval sources via the Renaissance right up to the nineteenth and twentieth centuries and contemporary occultism Written by a distinguished team of contributors the essays consider key figures beliefs and practices as well as popular culture *Profiling Humans from their Voice* Rita Singh, 2019-06-18 This book is about recent research in the area of profiling humans from their voice which seeks to deduce and describe the speaker s entire persona and their surroundings from voice alone It covers several key aspects of this technology describing how the human voice is unique in its ability to both capture and influence the human persona how in some ways voice is more potent and valuable than DNA and fingerprints as a metric since it not only carries information about the speaker but also about their current state and their surroundings at the time of speaking It provides a comprehensive review of advances made in multiple scientific fields that now contribute to its foundations It describes how artificial intelligence enables mechanisms of discovery that were not

possible before in this context driving the field forward in unprecedented ways It also touches upon related and relevant challenges posed by voice disguise and other mechanisms of voice manipulation The book acts as a good resource for academic researchers and for professional agencies in many areas such as law enforcement healthcare social services entertainment etc

The Science of Spirit Luis Portela,2020-12-25 Throughout the 20th century and into the new millennium humanity has made enormous advancements in science and technology Spiritual enlightenment however has gone relatively neglected as fascination with material progress tends to keep us focused on the physical world giving less importance to universal values to being to spiritual life Parapsychological research has produced significant findings over the last few decades and science has the obligation to continue exploring this area seeking to contribute to the spiritual enlightenment of humanity This book examines evidence of traditional psychic phenomena promoting a more comprehensive understanding of them and offering new perspective to see ourselves as particles of universal energy interconnected with all others

A New Science of the Afterlife Daniel Drasin,2023-06-13 Reveals how the continuity of consciousness beyond the physical body can be objectively demonstrated Explores 15 promising avenues of post materialist scientific investigation currently underway Provides a succinct account of the experience of transition to the next life and what one might expect when one arrives there Explains how materialism has prevented us from realizing a deeper understanding of the nature of space time life death and consciousness Sharing his more than three decades of research into the afterlife and paranormal phenomena award winning documentary filmmaker Daniel Drasin shows that the continuity of human consciousness beyond the physical body and after death constitutes a legitimate area of scientific inquiry and that it can be objectively demonstrated Drasin begins by revealing how our belief in materialism through its effects on our social norms taboos and even language has deeply constrained our civilization s understanding of the nature of space time life death and consciousness However as Drasin explains our deeply ingrained cultural habits tied to materialism have begun to change He explores 15 promising post materialist scientific investigations currently underway focusing in depth on three examples that offer the most objectively irrefutable evidence for the survival of consciousness including electronic audio and visual communications from the other side the groundbreaking five year Scole Experiment in physical mediumship and the profoundly evidential reincarnation case of James Leininger Looking at how language frames our perceptions about life and death the author presents thought experiments and simple exercises to help us see through materialist ideology and perceive a broader landscape of reality He provides a succinct account of the experience of transition to the next life and explores what the afterlife is made of where it s located how it works and what it s for Drasin shows how by thinking and speaking about death and the survival of consciousness in new ways we can facilitate a clearer more relaxed comfortable and rational conversation about what awaits us all sooner or later on the other side of life

Electronic Projects from the Next Dimension Newton C. Braga,2001 For years paranormal scientists have explored the detection and documentation of spirits

auras ESP hypnosis and many more phenomena through electronics Electronic Projects from the Next Dimension provides useful information on building practical circuits and projects and applying the knowledge to unique experiments in the paranormal field The author writes about dozens of inexpensive projects to help electronics hobbyists search for and document their own answers about instrumental transcommunication ITC the electronic voice phenomenon EVP and paranormal experiments involving ESP auras and Kirlian photography Although paranormal studies are considered esoteric Electronic Projects from the Next Dimension teaches the technical skills needed to make devices that can be used in many different kinds of experiments Each section indicates how the circuit can be used in paranormal experiments with suggestions about procedures and how to analyze the results Provides unique projects for believers and skeptics Perfect for any level of electronics experience Learn from these basics projects and design your own applications Deception From The Other Side Robert Best,2006-04 Visit the world of the dead with author Robert Best and hear first hand accounts of the afterlife from the dead themselves Experience the intense theological difficulties encountered by this man in his quest for truth The dead appears to this man Learn of the demonic deception that lies at the heart of the paranormal Does the Bible reveal the location of the dead Read about disembodied voices captured by audio Can demonic entities physically attack the living A construction crew witnesses an angelic rescue of the author falling off a building These questions incidents and more are revealed in this work of paranormal research and thorough biblical examination concerning both the dead and the inhuman entities that plague mankind The mysteries that surround those who have passed on before us are explained and shared in a way that Post Modern Christianity fails to do This book will not only prove spiritually enlightening but is useful in identifying and eliminating doors through which the demonic can enter your life Learn of the power that Christ possesses over these evil entities and how you can claim this power **Meites V.
