E Learning In Libraries Best Practices Best Practices In Library Services:

E-Learning in Libraries Charles Harmon,Michael Messina,2013-02-11 If libraries are to remain centers for lifelong learning then that learning must increasingly be e learning But where can librarians turn for the best ideas and inspiration on how to implement e learning programs This book features nine exemplary programs set in all types of libraries You ll find proven successful ways of introducing online credit based information literacy instruction innovative methods for teaching critical thinking skills online ways of using open source software in interactive learning step by step guidance for instructional screencasting ways to work with faculty on e learning solutions through streaming video and how a school library used e learning to teach about the Holocaust These stellar models offer solutions and feature the aspects you and your staff need because they recognize the problems you face There s plenty here for all libraries to grab on to and implement to move learning from inside the library to where your users live and work Libraries Supporting Online Learning Christina D. Mune,2020-10-07 Using practical examples from librarians in the field this book lays out current issues in online learning and teaches librarians how to adapt a variety of library services including instruction reference and collection development to online education Recent studies highlighting the challenges faced by online learners show that skills librarians are uniquely qualified to teach such as information and digital literacy and source evaluation can improve academic performance in online courses and enhance the online learning experience Just as embedded librarianship was developed to answer the needs of online courses when they emerged in the early 2000s online learning librarian Christina Mune now teaches online librarianship as a set of realistic strategies for serving a variety of online education models Each chapter of Libraries Supporting Online Learning addresses a different strategy for supporting online students and or faculty with all strategies derived from real world practices Librarians will find information on best practices for creating digital literacy tutorials and dynamic content providing patrons with open access and open educational resources helping patrons to avoid copyright issues promoting peer to peer learning and resource sharing posting to social media and developing scalable reference services The tools and practical examples in this book will be useful for all educators interested in increasing the efficacy of online learning E-Learning and the Academic Library Scott Rice,Margaret N. Gregor,2016-04-27 Focusing on academic libraries and librarians who are extending the boundaries of e learning this collection of essays presents new ways of using information and communication technologies to create learning experiences for a variety of user communities Essays feature e learning projects involving MOOCs massive open online courses augmented reality chatbots and other innovative applications Contributors describe the process of project development from determination of need to exploration of tools project design and user assessment *Designing Online Learning* Susan W. Alman,Christinger Tomer,Margaret L. Lincoln,2012-07-16 This book provides an introduction and helpful guide to online education for librarians and educators in the K 12 public and academic library settings Today s librarians must be comfortable working in online learning

environments teaching information literacy courses and supporting online students across curricula With the rapid proliferation of the Internet and online technologies in the last decade however it is not uncommon for some library professionals to feel left behind Designing Online Learning A Primer for Librarians provides best practices for librarians who are unfamiliar with online education and need guidance in either developing an online course or providing support to faculty and students in online courses This book offers practical guidance for librarians and educators serving a variety of users including students and teachers in the K 12 public and academic library communities The authors provide a valuable introduction to online teaching and learning that details elementary technologies and technical standards utilizes case studies that showcase successful programs and identifies best practices for design instructor development and student assessment **The Theory and Practice of Online Learning** Terry Anderson,2008 Every chapter from the first edition has been updated and four new chapters on current issues such as connectivism and social software innovations have been added These essays blend scholarship and research with practical attention to the details of teaching and learning

Mobile Library Services Charles Harmon,Michael Messina,2013-02-13 Just as Andrew Carnegie s support changed the landscape of public libraries in America Apple s launch of the iPhone on June 29 2007 forever altered how people expected to interact with services Libraries like every other kind of organization must now make their services not just their catalogs available on an array of mobile devices Mobile Library Servicesprovides 11 proven ways to reach out to mobile users and increase your library s relevance to their day to day lives Librarians detail how they created mobile apps to how they went mobile on a shoestring budget Written by public academic and special librarians these 11 best practices offer models for libraries of every type and size The Twelfth Off-Campus Library Services Conference Proceedings Julie A. Garrison,2006 The Twelfth Off Campus Library Services Proceedings is a selection of superb presentations from the twelfth annual conference on library services held in Savannah Georgia in April 2006 Respected experts tackle the latest issues in library services distance learning and administration focusing on theory best practices and practical digital applications using the most current research available at the time of the conference Case studies provide a clear view of the challenges present in various types of campus libraries and practical strategies are offered to more fully utilize electronic resources in the future
