**James R. Mitchell**

## **Gem Trails Of Northern California:**

Gem Trails of Northern California James R. Mitchell, 1995 This most complete guide to Northern California features sites from the Oregon border south to San Luis Obispo Beautiful color photographs showcase the specimens that can be found at the sites described Detailed text and maps make locating collecting areas easy **Gem Trails of Northern California** Garret Romaine, 2018 Northern California is truly a rock collector's paradise with terrain and specimens as diversely impressive as they are beautiful This up dated and greatly expanded third edition profiles over 100 sites and locations for you to collect in throughout the northern half of the Golden State Explore coastal beaches foothills mountain meadows and valley plains as well as ghost towns mining camps and the California Gold Country All sites list difficulty level best seasons for visiting recommended tools nearby camping attractions and GPS coordinates Color photos help identify specimens that can be found and each site has a location map showing collecting areas and the best routes to follow Regional locator maps and a complete mineral index allow you to explore by region or by specific minerals Rockhounding adventure awaits along the Gem Trails of Northern California Cover page 4 *Gem Trails of California* James R. Mitchell, 1986 **California Trails Northern Sierra Region** Peter Massey, Jeanne Wilson, Angela Titus, 2006-09 This book outlines detailed trail information for 55 off the beaten path routes located near the towns of Sacramento east Red Bluff east Truckee South Lake Tahoe Sonora Susanville Chico Oroville Yuba City Placerville Stockton east Jackson and Sonora NEW full COLOR addition to our Trails series These handy 6x9 books include scenic drives plus a whole lot more Including some of America's best mountain biking hiking camping and fishing areas Ghost towns galore Step back into the past while wandering through abandoned mining areas old buildings and even entire towns INCLUDES GPS coordinates throughout each book **Geology Trails of Northern California** Robin C. Johnson, Dot Lofstrom, 2005 Over 100 Walks and Hikes with a Geologic Point of View Vivid descriptions of the geological characteristics flora fauna and history of each trail greatly enhance the outdoors experience All hikes are rated for difficulty and include directions and suggestions for other fun activities **California Trails North Coast Region** Peter Massey, Jeanne Wilson, Angela Titus, 2006-09 This guide meticulously describes and rates 47 off the beaten path routes located near the towns of Sacramento Redding west Red Bluff Clear Lake McCloud Mount Shasta Yreka Crescent City and Fort Bidwell NEW full COLOR additions to our Trails series These handy 6x9 books include scenic drives plus a whole lot more Including some of America's best mountain biking hiking camping and fishing areas Ghost towns galore Step back into the past while wandering through abandoned mining areas old buildings and even entire towns INCLUDES GPS coordinates throughout each book **Dog-Friendly Trails for All Seasons in California's Foothills and the Sierra Nevada** Debbi Preston, 2011-03-11 This book is a follow up to 48 Dog Friendly Trails in California's Foothills and the Sierra Nevada published by AuthorHouse in 2008 In keeping with the first book's structure there are four trailheads described for each month of the year to encourage year round outdoor excursions In some cases there are multiple trail choices from a

single trailhead so everyone can find an outing suitable to their group's individual needs. Trails are all dog friendly with some providing off-leash opportunities. Many of the trails are also suitable for joggers, mountain bikers, and equestrians. A table at the back of the book identifies the usage for each trail. You will also find information as to which trails feature great views, swimming, family access, fishing, and other activities. Listening to reader's feedback from the first book with the new book, the focus is in finding more obscure trails so even the most experienced enthusiast will find new places to explore. There are also maps for trails with difficult descriptions. Trails are still rated from 1 (easiest) to 5 (most difficult) but with this book you will find more trails with a 4 and 5 rating. Still, there are easy options for each month but overall there are more challenging opportunities.

Gemstones of North America John Sinkankas, 1959      **Hiking the Pacific Crest Trail: Northern California** Philip Kramer, 2018-02-09

The final two of four volumes for the entire 2,650-mile Pacific Crest Trail (PCT). All color photos, maps, elevation profiles, charts, and more. Dream books and precious gifts for trail lovers everywhere. From the preeminent outdoor publisher in the West come the latest volumes in this new unparalleled series of guidebooks to the region's most famous trail. The Pacific Crest National Scenic Trail meanders north from California's border with Mexico to the entrance of Manning Provincial Park in British Columbia on the Washington State-Canada border. It's a rigorous trail that has evolved since its earliest envisioning in 1926 to encompass approximately 2,650 miles of rich and varied terrain, traveling through some of the West Coast's most beautiful country. It inspires hikers of all ages and abilities to imagine the ultimate wilderness journey. The Southern California and Northern California guides of *Hiking the Pacific Crest Trail* complete the four-volume set written for hikers planning to just tackle the trail sections in their nearby region, those who will chip away at pieces of the whole trail over a lifetime, or trekkers who set out in the SoCal desert and charge all the way to Canada. These are lushly attractive guidebooks, good reads and gorgeous to page through to boot, but they also offer invaluable hiking beta. Each volume focuses on section-by-section routes in each state or region and provides important details to help hikers plan and organize multi-night backpacks. Here's what's included with each expertly written guidebook: Trail sections that promote 4 to 10-night trips; Smaller section legs allowing for easier planning and trail time management; Detailed camp-to-camp route descriptions; Easy-to-understand route maps; Clear references to the PCT's established system of section letters designating trail segments from south to north, Mexico to Canada, so hikers can easily cross-reference other trail resources; Details on specific campsites; Most reliable water sources; Access to and from various trail sections; Info on permits, hazards, restrictions, and more; Alternate routes and connecting trails; Key wilderness sights along the way; Suggested itineraries. Unlike other PCT guidebooks, this series focuses on section hikers who make up the vast majority of adventurers on the trail. Only a handful of folks complete a thru-hike of the trail in one trip, but the trail's popularity continues to grow. In 2015, long-distance hikers and horseback riders from all 50 states and 34 countries were issued permits to vacation on parts of the PCT. It is one of the seminal bucket list items for outdoor lovers, whether that means completing just your own state and then the next and then

the next or as far as your dreams will take you      *California Gem Trails* Darold John Henry,1948      *Explorer's Guide Northern California (Explorer's Complete)* Michele Bigley,2011-10-01 In addition to tourist attractions such as the Fisherman's Wharf this guide presents the authentic Northern California experience Explorer's Guide Northern California offers the most up to date information on the region from Big Sur to Yosemite north to the Oregon Border while urging travelers to understand the impact of their footprint on the land With detailed descriptions of lodging options honest reviews of restaurants from taco trucks to upscale bistros cultural attractions natural wonders recreation transportation history scattered throughout each listing over 100 photos and maps readers will feel like they are getting a tour around this beautiful land from an old friend      *Gems & Minerals of California* William Estavillo,1992 Striking full color guides Bound in water repellent film laminated covers Extensive center spread maps of the state highlights locations featured in each book Special 8 pocket and 4 pocket lucite display racks available with purchase of the series      *Gem Trails of Southern California* James R. Mitchell,1996 Detailed maps and descriptive text lead the rock hound to over 70 of the best sites from San Luis Obispo to the Mexican border      **Hiking Northern California** Ron Adkison,2000 Detailed descriptions of more than 600 miles of trails up to date trail maps and information for planning adventures in the backcountry from the Oregon border to the Southern Sierras      **Annotated Bibliography of North American Geology, 1950** Marjorie Hooker,1952      **Geological Survey Bulletin** ,1952      *The Lapidary Journal* ,1971      *Union List of Geologic Field Trip Guidebooks of North America* Richard A. Spohn,Charlotte Derksen,Geoscience Information Society. Guidebooks Committee,1996      *The Rockhound's Handbook* James R. Mitchell,1996 Learn about rock and mineral formation tools identification finding minerals in the field legal aspects preparation and preservation cutting and polishing and making jewelry from your finds Numerous illustrations and B W photos      *The Cumulative Book Index* ,1997 A world list of books in the English language
