

SECOND EDITION

Gender Matters in Global Politics

A FEMINIST INTRODUCTION TO INTERNATIONAL RELATIONS

Edited by **Laura J. Shepherd**

Gender Matters In Global Politics A Feminist Introduction To International Relations

Jill Steans

Gender Matters In Global Politics A Feminist Introduction To International Relations:

Gender Matters in Global Politics Laura J. Shepherd, 2014-07-17 Fully revised and updated this second edition of *Gender Matters in Global Politics* is a comprehensive textbook for advanced undergraduates studying feminism War Terrorism and political violence Land food and water International legal institutions Peacebuilding institutions and post conflict reconstruction Citizenship Art aesthetics and emotionality and New social media and global resistance This text enables students to develop a sophisticated understanding of the work that gender does in policies and practices of global politics

Gender Matters in Global Politics Laura J. Shepherd, 2013

Gender and Private Security in Global Politics Maya Eichler, 2015 For two hundred years the provision of military security has been a central and defining function of the modern nation state The increasing reliance on private military and security companies in contemporary conflict marks a fundamental transformation in the organization of military violence and it raises issues of accountability and ethics that are of particular concern to feminists This privatization of force not only enables states to circumvent citizens democratic control over questions of war and peace but also undermines women s and minority groups claims for greater inclusion in the military sphere *Gender and Private Security in Global Politics* brings together key scholars from the fields of international relations security studies and gender studies to argue that privatization of military security is a deeply gendered process The chapters employ a variety of feminist perspectives including critical postcolonial poststructuralist and queer feminist perspectives as well as a wide range of methodological approaches including ethnography participant observation genealogy and discourse analysis This is the first book to develop an extended feminist analysis of private militaries and to draw on feminist concerns regarding power justice and equality to consider how to reform and regulate private forces

Gender Matters in Global Politics, 2010

Gender, UN Peacebuilding, and the Politics of Space Laura J. Shepherd, 2017-08-02 The United Nations Peacebuilding Commission UNPBC was established in December 2005 to develop outlines of best practice in post conflict reconstruction and to secure the political and material resources necessary to assist states in transition from conflict to peacetime Currently the organization is involved in reconstruction and peacebuilding activities in six countries Yet a 2010 review by permanent representatives to the United Nations found that the hopes of the UN peacebuilding architecture despite committed and dedicated efforts had yet to be realized Two of these hopes relate to gender and power specifically that peacebuilding efforts integrate a gender perspective and that the Commission consult with civil society NGOs and women s organizations This book is the first to offer an extensive and dedicated analysis of the activities of the UN Peacebuilding Commission with regard to both gender politics broadly conceived and the gendered dynamics of civil society participation in peacebuilding activities Laura J Shepherd draws upon original fieldwork that she conducted at the UN to argue that the gendered and spatial politics of peacebuilding not only feminizes civil society organizations but also perpetuates hierarchies that privilege the international over the domestic realms The book argues that the dominant

representations of women gender and civil society in UN peacebuilding discourse produce spatial hierarchies that paradoxically undermine the contemporary emphasis on bottom up governance of peacebuilding activities International Security and Gender Nicole Detraz,2013-04-24 What does it mean to be secure In the global news we hear stories daily about the wars in Iraq and Afghanistan about domestic level conflicts around the world about the challenges of cybersecurity and social security This broad list highlights the fact that security is an idea with multiple meanings but do we all experience security issues in the same way In this book Nicole Detraz explores the broad terrain of security studies through a gender lens Assumptions about masculinity and femininity play important roles in how we understand and react to security threats By examining issues of militarization peacekeeping terrorism human security and environmental security the book considers how the gender security nexus pushes us to ask different questions and broaden our sphere of analysis Including gender in our analysis of security challenges the primacy of some traditional security concepts and shifts the focus to be more inclusive Without a full understanding of the vulnerabilities and threats associated with security we may miss opportunities to address pressing global problems Our society often expects men and women to play different roles and this is no less true in the realm of security This book demonstrates that security debates exhibit gendered understandings of key concepts and whilst these gendered assumptions may benefit specific people they are often detrimental to others particularly in the key realm of policy making Feminism and International Relations J. Ann Tickner,Laura Sjoberg,2013-07-03 This important introduction to feminist International Relations discusses the history present and future of the field With a unique format it examines issues including global governance the United Nations war peace security science beauty and human rights

Gender and International Relations Jill Steans,2006-08-18 Offering a comprehensive overview of feminist contributions to the study of international relations this title includes chapters on gender and development and womens human rights plus an exploration of possible research trajectories and theoretical lines of enquiry **New Books on Women, Gender and Feminism** ,2010 **New Books on Women and Feminism** ,2010 Gender and International Relations Jill Steans,1998 Until relatively recently little had been written about gender issues in international relations despite the increased importance of the study of gender in other areas of the social sciences Gender and International Relations fills that gap providing a clear and accessible guide to the study of gender issues feminist theories and international relations Steans illustrates how gender is central to nationalisms and political identity the state citizenship and conceptions of political community security and global political economy and development Drawing on feminist scholarship from across the social sciences she demonstrates the uses of feminism as critique She also introduces readers to contemporary theoretical debates in international relations using concrete concerns and easily understandable issues to ground the discussion The book does not construct a single feminist theory of international relations nor does it advance a particular perspective of how gender can best be understood in an international or global context Rather the book argues that feminist theories have collectively

produced insights crucial to the study of international relations and that these insights can be used to challenge conventional approaches to the discipline

Gender and International Relations Jill Steans, 2013-12-24 The third edition of Jill Steans popular and highly respected text offers a comprehensive and up to date introduction to gender in international relations today Its nine chapters have been fully revised and expanded to cover key issues developments and debates in the field including the state and citizenship gender sexuality and human rights conflict peace and security narratives and representational practices in international politics global political economy development and gender in global governance Guiding students competently through complex theoretical and conceptual issues the book is careful to ground its discussions in contemporary concerns such as the War on Terror and its legacy the securitisation of human rights the Arab Spring the global financial crisis contemporary challenges to global institutions and ethical dilemmas that arise in negotiating gender issues and politics in a culturally diverse world Each chapter features questions for reflection seminar activities further reading and web links to highlight key points and provide contemporary illustrations A glossary of key terms is also included for easy reference Gender and International Relations will be essential reading for students and scholars of gender international relations global politics and related courses

Gender and Identity in an Era of Globalization Debra Jacqueline Liebowitz, 2000

The Globalization of World Politics John Baylis, Steve Smith, 2001 Fully revised and updated to cover the latest developments in world politics the new edition of this highly successful textbook will once again provide the ideal introduction for all students of International Relations Written specially for those coming to the subject for the first time this text has been carefully edited by John Baylis and Steve Smith to ensure a coherent accessible and lively account of the globalization of world politics The book is accompanied by a dedicated WEBSITE including powerpoint slides further questions maps figures and table for each chapter and an interactive theory site IR Theory in Practice This site helps students fully understand IR theory and puts the theory into practice with analysis of real life issues

NEW TO THIS EDITION DT Updated to reflect events since 1997 with more attention given to the integration of the globalization theme throughout the book DT The HISTORY section now has a new chapter by Michael Cox on International History since 1990 bringing the story of International Relations up to the present day DT The THEORY section has been significantly reorganized following feedback from teachers and includes a new chapter on Contemporary Mainstream Approaches by Steve Lamy The new organization of this section allows more room to introduce to the main theories of International Relations such as realism and liberalism and to explain complex theoretical developments in more detail DT The INTERNATIONAL ISSUES section now includes a chapter on The Communications and Internet Revolution in IR by Jonathan Aronson and a substantially revised chapter on Culture in World Affairs by Simon Murden DT The book also includes new contributions on International Political Economy Ngaire Woods and European Integration Thomas Christiansen DT NEW concluding section on Globalization in the Future this new final section contains two chapters by leading International

Relations scholars Andrew Linklater on Globalization and the Transformation of Political Community and Ian Clark on Globalization and the Post Cold War Order Human Insecurity David Roberts, 2008 Confronting the avoidable deaths of women and children each year this title provides an urgent call for us to face up to our responsibilities to the millions killed needlessly each year It is a powerful intervention in the debate on human security *International Organizations* Kelly-Kate S. Pease, 2003 This book provides critical interpretations of international organizations from the perspectives of Marxism Feminism Realism and Liberalism Using case studies of current crises and events ranging from Arab and Islamic organizations to the Palestinian uprising to the engineering of Genetically Modified Foods it is a timely study of how organizations shape and influence world views Using the perspectives from four approaches Realism Liberalism Marxism and Feminism this book uses case studies to illustrate the importance of international organizations and their effect on the world Topics are reflected by the case studies presented International Security and the Persian Gulf Crisis and Srebrenica Regional Security and NATO and the Arab League Multinational Corporations and the US Clean Air Act and Genetically Modified Foods Development and the Mexican Peso Crisis and the Indonesian Crisis the Environment and Global Warming and Whaling Human Rights and Yugoslavia and Rwanda For workers in corporations with worldwide interests and for those employed by international organizations *Gender and Crisis in Global Politics* Laura Sjoberg, 2018-02-02 The global political arena is again in a time of crisis Different sources pay attention to different crises the Global Financial Crisis the Debt Crisis the Crisis of ISIL Daesh in Iraq and Syria the Crisis of Israel and Palestine and the Iran Nuclear Crisis have gotten significant attention in media coverage of global politics But those are not the only crises that scholars and practitioners discuss Environmentalists warn of ecological crisis health scholars warn of disease crises cyber security experts suggest a coming information crisis and migration experts warn of population crises Feminist work on global politics has addressed many of these crises historical and contemporary in crisis language and without it as well as a number of the non crises that looking for women and gender in the international arena draws into focus That work however had generally not explicitly theorized the conceptualization of crisis its gendered dimensions and or gender based crises as such Across this book feminist conversations about crisis in global politics suggests that a single feminist approach to definition of or politics of crisis is impossible to find That same variety of work though makes a strong case that paying attention to crises in the world and to the manufacture of crisis rhetoric alongside events in global politics is not only generally important but an important place for feminist scholarship feminist political activism and direct attention This book was previously published as a special issue of the International Feminist Journal of Politics *Gendering World Politics* J. Ann Tickner, 2001 Tickner focuses her distinctively feminist approach on new issues of the international relations agenda since the end of the Cold War such as ethnic conflict and other new security issues globalizations democratization and human rights Global Gender Politics Anne Sisson Runyan, 2018-10-11 Accessible and student friendly Global Gender Politics analyzes the gendered

divisions of power labor and resources that contribute to the global crises of representation violence and sustainability The author emphasizes how hard won attention to gender and other related inequalities in world affairs is simultaneously being jeopardized by new and old authoritarianisms and depoliticized through reducing gender to a binary and a problem solving tool in global governance The author examines gendered insecurities produced by the pursuit of international security and gendered injustices in the global political economy and sees promise in transnational struggles for global justice In this new re titled edition of a foundational contribution to the field of feminist International Relations Anne Sisson Runyan continues to examine the challenges of placing inequalities and resisting injustices at the center of global politics scholarship and practice through intersectional and transnational feminist lenses This more streamlined approach includes more illustrations and discussions have been updated to reflect current issues To provide more support to instructors and readers Global Gender Politics is accompanied by an e resource which includes web resources suggested topics for discussion and suggested research activities also found in the book

Gender, Race, and Power Joyce P. Kaufman, Kristen P. Williams, 2024-10-02 Kaufman and Williams present critical issues in international relations through an intersectional approach that examines race gender class ethnicity and power to arrive at better explanations for such core IR issues as war and peace security human rights development and international political economy and the global environment Their approach builds on early calls amongst feminist IR theorists imploring Where are the women It is only fairly recently that students of IR have broadened the approach to the field to incorporate the dimensions of race ethnicity and class as well as gender Kaufman and Williams help guide readers exploring questions like How does gender matter for understanding war and peace How does race matter Where are the men What is intersectionality in IR How does an intersectional approach change or broaden our understanding of international relations

Thank you utterly much for downloading **Gender Matters In Global Politics A Feminist Introduction To International Relations**. Maybe you have knowledge that, people have look numerous times for their favorite books taking into consideration this Gender Matters In Global Politics A Feminist Introduction To International Relations, but end going on in harmful downloads.

Rather than enjoying a fine book taking into account a cup of coffee in the afternoon, instead they juggled gone some harmful virus inside their computer. **Gender Matters In Global Politics A Feminist Introduction To International Relations** is user-friendly in our digital library an online admission to it is set as public hence you can download it instantly. Our digital library saves in combination countries, allowing you to acquire the most less latency era to download any of our books later this one. Merely said, the Gender Matters In Global Politics A Feminist Introduction To International Relations is universally compatible like any devices to read.

Gender Matters In Global Politics A Feminist Introduction To International Relations Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Gender Matters In Global Politics A Feminist Introduction To International Relations PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education.

and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Gender Matters In Global Politics A Feminist Introduction To International Relations PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Gender Matters In Global Politics A Feminist Introduction To International Relations free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Gender Matters In Global Politics A Feminist Introduction To International Relations Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
