Centuries begins with the region's Native American peoples before Jamestown and ends with a twenty first century profoundly changed by second wave feminism. Generously illustrated, *Changing History* is based on recent scholarly work as well as research in original records. The engaging narrative reveals a history of Virginia women whose rights and choices have increased over time: enslaved women became free, wives became property owners, women of all races attained greater access to education, suffrage and other basic civil rights. Progress has not always been steady and improvements have varied by class, race and region. Virginia's women have created an evocative legacy. *Changing History* tells their stories. book jacket
