[Dungeons and Dragons 4th Edition For Dummies](#) Bill Slavicsek, Richard Baker, 2009-01-29 Explore the fantasy world of D & D and delve into dungeons, slay monsters, and gain treasure. If you've been thinking of playing D & D or you've played before and you want to get up to speed on the all new 4th Edition, this is the book for you. Here's what you need to know to join the fantasy fun: D & D terminology, understand what ability check, modifier, saving throw, AC, gp, hp, and XP mean. Roll the dice, add modifiers, and see if you rolled the d20 high enough to beat the challenge. Minding your manners: know D & D etiquette so you'll be welcome in any adventure. Character building: select your character's race and class and choose the best powers, skills, feats, and gear. Roleplaying: give your character a background and personality quirks. Combat: use combat rules, a battle grid, and miniatures to play out furious battles. Open the book and find everything a new player needs to get started playing D & D. Details on four fantasy races and four iconic classes. Explanations of every number and statistic on the character sheet. The best magic items and equipment for characters of all classes. Advice on roleplaying and teamwork. A ready-to-use adventure to get you started as a Dungeon Master. A ready-to-use battle grid with character and monster markers.

Extending Virtual Worlds Ann Latham Cudworth, 2018-09-03 Written as the successor to Virtual World Design Creating Immersive Virtual Environments this book

carries the ideas brought forward in its predecessor to new levels of virtual world design exploration and experimentation. Written by an Emmy award winning designer with 22 years of experience creating virtual environments for television and online communities, *Extending Virtual Worlds: Advanced Design for Virtual Environments* explores advanced topics such as multi regional design, game based sims, and narrative structure for environments. The book provides bedrock knowledge and practical examples of how to leverage design concepts within the intertwined structures of physics engines, level of detail (LOD) systems, and advanced material editors. It also shows designers new ways to influence the experience of virtual world visitors through immersive narrative and storytelling. With over 150 illustrations and 10 step by step projects that include the necessary 3D models and modular components, it delivers hours of stimulating creative challenges for people working in public virtual worlds or on private grids. By using this book, novices and advanced users will deepen their understanding of game design and how it can be applied to creating game based virtual environments. It also serves as a foundational text for class work in distance learning, simulation, and other learning technologies that use virtual environments.
