Dusky Ruth And Other Stories:

Dusky Ruth and Other Stories Alfred Edgar Coppard, 1977 **"Richard Goes to Prison" and Other Stories** Harley Granville-Barker, 2004 This book rescues from oblivion the seven known short stories of Harley Granville Barker and demonstrates the sometimes very close relationship between individual stories and one or another of Barker's plays written about the same time Quite apart however from these considerations of the connections between his works in prose fiction and his dramatic pieces the book seeks to examine the merits of the stories in their own right and to compare them with the work of other short story writers of the same period including Galsworthy Lawrence and Munro Though his output in this genre was small Barker is not dwarfed in this scintillating company Eric Salmon is a theater historian and writer **The Hurly Burly and Other Stories** A.E. Coppard, 2021-03-02 A new collection of short stories from an English master edited and with a preface by acclaimed author Russell Banks Originating in the folktale and with an occasional infusion of gothic horror or fantasy A E Coppard's stories still feel fresh and surprising today Coppard came to the short story later in life but left an indelible mark on it Staunch in his belief that the short story was a distinctive form with little relation to the novel he wove his tales out of the substance of life in the English countryside with its memorable and distinctive characters Reissued with a new preface from award winning and bestselling author Russell Banks and including classic tales like *The Black Dog* *The Handsome Lady* and *The Higgler* *The Hurly Burly* restores this enormously important writer to the position he deserves and introduces him to a new generation of readers *The British and Irish Short Story Handbook* David Malcolm, 2012-01-12 The *British and Irish Short Story Handbook* guides readers through the development of the short story and the unique critical issues involved in discussions of short fiction It includes a wide ranging analysis of non canonical and non realist writers as well as the major authors and their works providing a comprehensive and much needed appraisal of this area Guides readers through the development of the short story and critical issues involved in discussions of short fiction Offers a detailed discussion of the range of genres in the British and Irish short story Includes extensive analysis of non canonical writers such as Hubert Crackanthorpe Ella D Arcy T F Powys A E Coppard Julian Maclaren Ross Mollie Panter Downes Denton Welch and Sylvia Townsend Warner Provide a wide ranging discussion of non realist and experimental short stories Includes a large section on the British short story in the Second World War **Index to Short Stories**, 1929 The Oxford English Literary History: Volume 10: 1910-1940: The Modern Movement Chris Baldick, 2005-11-10 This exciting new volume provides a freshly inclusive account of literature in England in the period before during and after the First World War Chris Baldick places the modernist achievements of Virginia Woolf T S Eliot and James Joyce within the rich context of non modernist writings across all major genres allowing high literary art to be read against the background of low entertainment Looking well beyond the modernist vanguard Baldick highlights the survival and renewal of realist traditions in these decades of post Victorian disillusionment Ranging widely across psychological novels war poems detective stories satires and

children's books The Modern Movement provides a unique survey of the literature of this turbulent time **Semiotica**, 1987 **Spirits of Community** K. D. M. Snell, 2016-06-16 Concern about the decline of community and the theme of community spirit are internationally widespread in the modern world The English past has featured many representations of declining community expressed by those who lamented its loss in quite different periods and in diverse genres This book analyses how community spirit and the passing of community have been described in the past whether for good or ill with an eye to modern issues such as the so called loneliness epidemic or the social consequences of alternative structures of community It does this through examination of authors such as Thomas Hardy James Wentworth Day Adrian Bell and H E Bates by appraising detective fiction writers analysing parish magazines considering the letter writing of the parish poor in the 18th and 19th centuries and through the depictions of realist landscape painters such as George Morland K D M Snell addresses modern social concerns showing how many current preoccupations had earlier precedents In presenting past representations of declining communities and the way these affected individuals of very different political persuasions the book draws out lessons and examples from the past about what community has meant hitherto setting into context modern predicaments and judgements about spirits of community today *The Short Story in English* Walter Ernest Allen, 1981 Defines what a short story is and follows the development of this literary form with critical comments about 83 writers and their works [Index to Short Stories](#), 1936 **The Merry Maid of Arcady, His Lordship, and Other Stories** Mrs. Burton Harrison, 1897 **Whitaker's Cumulative Book List**, 1974 **The Cambridge History of the English Short Story** Dominic Head, 2016-11-14 The Cambridge History of the English Short Story is the first comprehensive volume to capture the literary history of the English short story Charting the origins and generic evolution of the English short story to the present day and written by international experts in the field this book covers numerous transnational and historical connections between writers modes and forms of transmission Suitable for English literature students and scholars of the English short story generally it will become a standard work of reference in its field [Romance in Starland, and Other Stories](#) Kate Elizabeth Perkins Glass, 1915 [Reference Guide to Short Fiction](#) Noelle Watson, 1994 Devoted to those practitioners of the art of short fiction this new 2nd edition offers thorough coverage of approximately 375 authors and 400 of their works In a single volume Reference Guide to Short Fiction features often studied authors from around the world and throughout history all selected for inclusion by a board of experts in the field Reference Guide to Short Fiction is divided into two sections for easy study The first section profiles the authors and offers personal and career details as well as complete bibliographical information A signed essay helps readers understand more about the author These authors are covered Sandra Cisneros Nikolai Gogol Ernest Hemingway Langston Hughes Gabriel Garcia Marquez Salman Rushdie Jean Paul Sartre Edith Somerville Eudora Welty And others Section two helps readers gain deeper understanding of the authors and the genre with critical essays discussing 400 important works including The Hitchhiking Game Milan Kundera The Swimmer
