Encyclopaedia of Asian Philosophy and Religions S. Kapoor, 2017-02-02 The reference literature for Asian philosophy is scant probably because philosophy and religion are viewed in the West as more inextricably linked in Asian cultures Many reference works address Asian religious traditions but the Encyclopedia of Asian Philosophy and Religions aims to treat not only the philosophies but religion in so far as it relates to philosophy Alphabetically arranged entries are signed by the scholars who wrote them and conclude with references They range from ancient times through the modern era and include individuals schools of thought texts and concepts Topics are drawn from the traditions of Buddhism Confucianism Hinduism Islam Jainism Shinto Sikhism and Zoroastrianism and covers a wide geographic area Extensive cross referencing and see also recommendations are used throughout The encyclopedia

makes the comparative study of the concepts and traditions of various religions as each major religious stream has been organized in a separate division All divisions are organised alphabetically for ease of search and reference The Encyclopaedia of Asian Philosophy and Religions is the first publication to satisfy the need for a vast introductory work in such a diverse field The wide range of matter dealt with in these volumes presents the panoramic view of the civilization and the culture of Asians in different facets and in the different periods of history Each entry is created in simple and easy to understand language summarizing the most important aspects of creative research and writings related to the specific topics The extensive bibliographies provide additional sources for more information The work for its wide coverage and scholarship should be an essential reference for students and teachers

The Indo-German Identification Robert Cowan,2010 The nineteenth century development and later consequences of the imagined relationship between ancient India and modern German culture In the early nineteenth century German intellectuals such as Novalis Schelling and Friedrich Schlegel convinced that Germany's cultural origins lay in ancient India attempted to reconcile these origins with their imagined destiny as saviors of a degenerate Europe then shifted from Indomania to Indophobia when the attempt foundered The philosophers Hegel Schopenhauer and later Nietzsche provided alternate views of the role of India in world history that would be disastrously misappropriated in the twentieth century Reconstructing Hellenistic and humanist views of the ancient Brahmins and Goths French Enlightenment debates over the postdiluvian origins of the arts and sciences and the Indophilia and protonationalism of Herder Robert Cowan focuses on turning points in the development of an Indo German ideal an ideal less focused on intellectual imperialism than many studies of the Aryan Myth and Orientalism would have us believe Cowan argues that the study of this ideal continues to offer lessons about cultural difference in the post national twenty first century Of great interest to historians philosophers and literary scholars this cross cultural study offers a new understanding of the Indo German story by showing that attempts to establish identity necessarily involve a reconciliation of origins and destinies of self and other of individual and collective Robert Cowan is Assistant Professor of English at Kingsborough Community College of the City University of New York

[Understanding Eastern Philosophy](#) Ray Billington,2002-01-04 Understanding Eastern Philosophy provides an accessible critical introduction to how some of the key philosophies of the East compare with

those in the West Starting from a discussion of the problems of distinguishing between religions and philosophies Ray Billington presents a clear picture of the key tenets behind Hinduism Buddhism Taoism Jainism and Confucianism Moving on to compare the key themes of religious philosophy that cut across East and West such as a belief in God the soul moral decision making nature and authority Understanding Eastern Philosophy presents a fascinating and controversial picture of the contribution theistic religions have to make With its belief in a personal God bestowing a particular version of truth Ray Billington concludes that the universal mysticism characteristic of Eastern thought provides a more realistic and rewarding path than is commonly supposed in the West Understanding Eastern Philosophy assumes no prior knowledge of religion or philosophy
