

A photograph of a Space Shuttle Columbia launching from the launch pad. The shuttle is ascending vertically, leaving a massive, billowing plume of white smoke and bright orange fire from its engines. To the left of the shuttle, the launch pad service structure is visible, featuring a tall vertical mast and various support equipment. The background is a clear blue sky.

*We Are What We Remember* Laura Mattoon D'Amore, Jeffrey Meriwether, 2013-01-16 Commemorative practices are revised and rebuilt based on the spirit of the time in which they are re created Historians sometimes imagine that commemoration captures history but actually commemoration creates new narratives about history that allow people to interact with the past in a way that they find meaningful As our social values change race gender religion sexuality class our commemorations do too *We Are What We Remember The American Past Through Commemoration* analyzes current trends in the study of historical memory that are particularly relevant to our own present our biases our politics our contextual moment and strive to name forgotten overlooked and denied pasts in traditional histories Race gender and sexuality for example raise questions about our most treasured myths where were the slaves at Jamestowne How do women or lesbians protect and preserve their own histories when no one else wants to write them Our current social climate allows us to question authority and especially the authoritative definitions of nation patriotism and heroism and belonging How do we uncommemorate things that were mis commemorated in the past How do we repair the damage done by past commemorations

The chapters in this book contributed by eighteen emerging and established scholars examine these modern questions that entirely reimagine the landscape of commemoration as it has been practiced and studied before

**Space Strategy** Jean-Luc Lefebvre, 2017-03-13 Strategy is the art of thinking about war before it occurs Noting that space already plays a role in all of today's wars Space Strategy studies how conflicts are extending into this new domain The book defines extra atmospheric space and focuses on its varying features and constraints By exploring the opportunities for action provided by different strategic positions the book analyzes the most plausible combat scenarios from against and within space It explains the concepts of militarization weaponization and martialization of space and shows how space systems constitute an essential component of information literacy the key to power in the 21st Century Space Strategy then demonstrates why our society having become space dependent must take appropriate measures to develop its spatioresilience Finally the author summarizes his reflections in the form of a mnemonic listing twelve principles of space strategy Completed by educational appendices and a glossary containing one thousand entries Space Strategy meets the needs of students researchers or any other reader curious about expanding their knowledge of strategy
