

## How to Develop Your HIPAA Security Policies & Procedures

Thursday, June 23, 2011 10:00 AM - 11:00 AM CDT

Do you create, receive, maintain or transmit ePHI? Are you prepared to meet new HIPAA Security Rule compliance requirements mandating a very defined set of over 50 policies and procedures to manage Administrative, Physical and Technical safeguards for PHI?

Knowing what policies need to be created and drafting, revising and communicating them can be a daunting task for even the largest organizations. Complying with the HIPAA Security Final Rule itself and as amended by the Health Information Technology for Economic and Clinical Health (HITECH) Act involves many steps and considerations.

### THE SOLUTION

If you create, receive, maintain or transmit ePHI, you need to attend this webinar. No matter where you are in your HIPAA-HITECH compliance journey and no matter where you are in the ePHI "chain of trust", you will benefit from you will benefit from learning about:

- The HIPAA Security Final Rule policy framework and new requirements
- How to actually design and develop security policies
- Tools to jump-start your policies and procedures development program

### AGENDA:

- A security policy framework
- The difference between policies and procedures
- Policy design, process and structure
- Step-by-Step Instructions for developing policies
- Tools, templates and forms available to help you

### **Information Privacy in the Evolving Healthcare Environment, 2nd Edition**

Linda Koontz, 2017-03-16 Advances in health information technology health IT have the potential to improve the quality of healthcare to increase the availability of health information for treatment and to implement safeguards that cannot be applied easily or cost effectively to paper based health records However the digitization of health information is also raising new privacy risks and concerns Sensitive health information in digital form is more easily aggregated used and shared In addition the rising cost of healthcare and the search for efficiency may create incentives to use the information in new ways Research has consistently shown that while the public sees the potential value of health information exchange and technological advancements it remains gravely concerned about the privacy of their sensitive health information As a result it is becoming increasingly clear that ensuring public trust will be critical to the successful implementation of nationwide health information exchange The purpose of this second edition is two fold 1 to educate readers about privacy concepts and 2 highlight key privacy issues facing the nation and the healthcare community as it moves towards electronic health records and health information exchange The first three chapters are descriptive in nature defining privacy and distinguishing it from security defining the complex legal landscape for health information privacy and setting the stage for the following chapters by describing the current landscape of the evolving healthcare environment The following chapters discuss specific privacy issues and challenges in detail The book concludes with a chapter providing a view to the future of healthcare and the association privacy implications This is an updated version of one of HIMSS best selling books on information privacy

Protecting Your Health Privacy Jacqueline Klosek, 2010-11-18 Protecting Your Health Privacy empowers ordinary citizens with the legal and technological knowledge and know how we need to protect ourselves and our families from prying corporate eyes medical identity theft ruinous revelations of socially stigmatizing diseases and illegal punitive practices by insurers and employers It s a new era in healthcare Gone are the day when access to your medical records is limited to you and your doctor Instead today a diverse group of constituencies have interest in and access to your health information A cascade of changes in technology and the delivery of healthcare are increasing the vulnerability of your medical information Accordingly it is now more important than ever to take control over your own health information and take steps to protect your information against privacy breaches that can adversely impact the quality of your health care your insurability your employability your relationships and your reputation In clear non technical language privacy lawyer Jacqueline Klosek
