The BOKs of the two exams look different although many knowledge items are applicable to both. We give you knowledge information relevant to the exam specifications. To be able to succeed in the real exams you will need to apply your earned knowledge to the question scenarios. Many of the exam questions are written to be less straight forward. They tend to be framed within the context of short scenarios. The exams are not too difficult. However coverage is very comprehensive, a wide range of topics are presented in the official topic list.
