**Edith Wharton in Context** Laura Rattray, 2012-10-08 This collection of essays examines the various social cultural and historical contexts surrounding Edith Wharton's popular and prolific literary career      *The Memory of Nature in Aboriginal, Canadian and American Contexts* Françoise Besson, Claire Omhové, Héliane Ventura, 2014-06-12 This volume engages the reader's interest in the relationship that binds man to nature a relationship which makes itself manifest through certain literary or visual artefacts produced by Native or non Native writers and artists It ranges from the study of literatures mainly from Canada including Quebec and Acadia but also from Britain the United States of America France Turkey and Australia to the exploration of films photographs paintings and sculptures produced by Aboriginal artists from North America Thanks to a relational paradigm founded on spatial and temporal enlargement it reimagines the critical outlook on indigenous production by instigating a dialogue between endogenous and exogenous scholars novelists and artists and by weaving together interdisciplinary approaches spanning anthropology geology ecocriticism and the study of myths From the writings by Scott Momaday to those by Tomson Highway from Pauline Johnson to Louise Erdrich or from the photographs by William McFarlane Notman and Edward Burtynsky or the films by Randy Redroad to the paintings by Emily Carr it explores art as the sedimentation of nature It simultaneously interrogates the representation of nature and the nature of representation as a geological and generic process inscribed in the history of mankind Without eclipsing differences and imposing a reified Eurocentric critical discourse upon indigenous productions this volume does not colonize indigenous texts or indulge in cultural appropriation of

works of art but looks for historical mythological or geological traces of the past a past characterized by the intimacy between man and animal man and rock or man and plant a past which is allowed to resurface through the creative and critical outlooks that are bestowed upon its subagent or subterranean existence It resurfaces not as nostalgic memory but as an interactive fertilization giving the present a new life in which the non human provides a key to the understanding of the human bond to nature

**New Essays on F. Scott Fitzgerald's Neglected Stories** Jackson R. Bryer, 1996 F Scott Fitzgerald's short stories are the most critically undervalued and ignored segment of his fiction Despite the fact that most of his short fiction has been published in various extant collections critics nonetheless continue to focus primarily on his novels Moreover even when they turn their attention to Fitzgerald's stories they tend to deal with the half dozen most frequently anthologized to the exclusion of the vast majority This volume presents twenty three previously unpublished essays on Fitzgerald's other stories The first section contains close readings of individual stories and ranges chronologically over his entire career from The Spire and the Gargoyle published in 1917 when Fitzgerald was at Princeton through such early efforts as Bernice Bobs Her Hair 1920 and John Jackson's Arcady 1924 down to late stories such as An Alcoholic Case 1937 and The Lost Decade 1939 The second section includes essays on Fitzgerald's three story groups the Basil and Josephine stories the Count of Darkness stories and

the Pat Hobby stories By placing these stories within the context of Fitzgerald's total fictional achievement this collection serves as a resource for a deepened understanding of the intensely autobiographical nature of Fitzgerald's work offering insights into his methods of composition and his aims both artistic and human The roster of contributors includes long time Fitzgerald critics such as John Kuehl Scott Donaldson and Ruth Prigozy along with distinguished critics of modern American literature such as Robert Merrill Alan Cheuse and James Nagel and younger scholars like Gerald Pike and Heidi Kunz Bullock The editor Jackson R Bryer deliberately chose such a diverse group to ensure a variety of critical perspectives The resulting volume is not the last word on these neglected stories rather these are the first words on stories that will now begin to receive more attention in what will be a continuing discovery of the pleasures in the full range of F Scott Fitzgerald's fiction
